

**Essence:** Sweet children, whilst paying attention to the philosophy of action, neutral action and sinful action, don't perform any sinful actions with your physical sense organs. Make a donation and the bad omens of the eclipse will be removed.

**Question:** By *following* Father Brahma in which respect do you children become seated on the throne in the future?

**Answer:** Father Brahma surrendered everything he had including his body and gave everything to serve the children in the name of God. He *insured* himself *directly* and thereby received the kingdom of the world. In the same way, *follow the father*. You have to claim the *certificate* of being worthy. Become real children and serve with your body, mind and wealth. Become the Father's true helpers. By *insuring* everything you can claim a right to a kingdom for 21 births.

**Song:** Do not forget the days of your childhood...

Om shanti. You sweetest children heard the song. You children have now died alive and taken the lap of the Father in order to go from this world to that world. Which Father is He? The Supreme Father, the Supreme Soul, means God. Whenever you explain, you mustn't say that Baba is a jyotilingum, or that He is the form of light, brighter than a thousand suns. To say this is in fact *wrong*. What should you say? The Supreme Father, the Supreme Soul, that is, God, always resides in the supreme abode. The Supreme means the Highest on High, the *Incorporeal Father*. He is the Father of all souls and this is why He is called the *Supreme*. He doesn't enter the cycle of birth and death. He explains: Children, if I too entered the cycle of birth and death, who would uplift everyone? I alone come and take everyone beyond sorrow. I am the Remover of Sorrow and the Bestower of Happiness, but no one knows this. On the path of devotion, people continue to sing: Oh Supreme Father, Supreme Soul! They definitely consider Him to be the *Father*, but they don't know what their Father is like or what He is. He doesn't have the form of a human being. People also remember Brahma, Vishnu and Shankar. They can be seen with these eyes. But who is Shiva? People go to the Shiva Temple, but they don't know why they remember Him. The Father sits here and explains: When the deities go onto the path of sin they build the temple to Somnath. The only thing they understand is that He is Shiv Baba, but they don't know that He is the Creator of heaven and that He is the One who makes us into the masters of heaven. If they knew this, they would tell others the *biography* of Shiv Baba. It is fixed in the *drama* for them not to know. To know means to receive the inheritance. Not to know means to lose the inheritance. The Father says: I, the Creator of heaven, give you happiness and make you pure. Then the five vices make you impure and the degrees continue to decrease. You then become ugly. At first, you were a sixteen celestial degree moon; you were pure, but now you are eclipsed. Baba says: Make a donation and the bad omens of the eclipse will be removed. The five vices are said to be the eclipse of bad omens through which you souls become unhappy and ugly. The Father says: I am the Father of you Brahmins. O Brahmins, donate to Me the five vices you have and the eclipse of the bad omens will be removed. After donating them today, don't do anything with that which you have donated. Many storms of Maya will come, but by becoming angry through your physical senses, sin will be committed. I explain the philosophy of action, neutral action and sinful action. Your actions should not become sinful. I am making you children into conquerors of sinful actions. Those are the omens of Rahu. When you make a donation, the eclipse of the omens will be removed. The Father says: My sweet children, donate those five evil spirits. There is no question of any money etc. in it. He is the Father and you are the real children. The Father surely has to help the real children. You serve with your body, mind and wealth. The Father's duty is also to serve you. The Father says: All of this belongs to you children. You have been giving to God on the path of devotion. However, God is not greedy. You are *insuring*. By giving to God, God will then give to you in your next birth. This is *insuring*, is it not? You receive the fruit of it in your next birth. God is the Bestower. You are now *insuring* yourselves for 21 births. Those people *insure* themselves for one birth. Here, everything is *insured* for 21 births. It is said: *Son shows the Father*. Look, whatever the father (Brahma Baba) had, he used in the name of God to serve the children. He made Shiv Baba his Heir. He gave his body, mind and wealth and because he did everything *directly*, he received in return the sovereignty of the world through his own efforts. By belonging to Me, you become the masters

of heaven for 21 births, but you will receive an inheritance to the extent that you surrender yourselves. You have to surrender everything including your body. Those who *follow* the *mother* and *father* will sit on the throne. The Father says: Make a donation and the eclipse of the omens will be removed. If you take back something after donating it, you will become degraded. You have to make full effort. Effort-making *students* who study well claim a *number*. You too can make effort and claim a high *number*. There is no question of any difficulty in this. You simply have to remain pure. You receive power from Baba for this and the mercury of happiness also rises. We want to become deities and so we mustn't have any defects in us. You have to become 16 celestial degrees full and fully viceless here and so you mustn't have any defects. You have been vicious for half the cycle and so Maya says: You are now trying to become viceless and so I will once again make you vicious. This is the war with Maya that continues. This is the difficulty. You have to conquer Maya. Those people have then shown a violent war and falsified everything. You become the masters of the world by conquering Maya. You children understand that if you don't donate the five vices to the Father, you won't be able to marry Shri Lakshmi or Narayan. Therefore, you children should look into the mirror of your heart: Did I do anything wrong through my physical sense organs? The storms of Maya that come will be stronger than they were previously. When herbalists give medicine, they warn you that all the old illnesses will erupt before you get better. You mustn't be afraid of this. These will come. This One is also the *Surgeon*. He says: When you become My children, you will have a big war with Ravan. Maya will attack you a great deal. Therefore, you mustn't be afraid of storms. You belong to the Father and so don't forget this childhood. This is your Godly childhood. You come into God's lap once and then into the lap of deities for 21 births. You go to heaven after your Godly birth. You have to claim the *certificate*. Baba, am I Your worthy child or unworthy child? Baba can tell you which *number* worthy child you are. Baba can tell you what is still lacking in you. You yourselves can understand: If I am not doing *service*, how can I claim such a high status? Achcha, Baba tells you what to do. Open a *hospital-cum-college*. You may not go there, but when many people receive a cure there, you will receive the reward of that. Human beings build a dharamshala so that many people can rest there and so in their next birth, they would receive a very good palace. Many children come to Baba and say: Open this *hospital* and we will help you. Open a big *hospital*. If you don't have time to take this knowledge, then just take three feet of land and open this *hospital-cum-college*. Through the *hospital* you will become *ever-healthy* and through the *college* you will become *ever-wealthy*. When many people become this, you will accumulate the charity of that. There is not a lot of expense in this. People nowadays earn so much money. They have properties worth millions. Will their sons and grandsons etc. eat from that? They won't even get the dust. Everything is to be destroyed. The poor ones receive a kingdom. Baba is the Lord of the Poor. This Baba was a *number one* ordinary person. Someone who just has one or two thousand, he would be called a poor person. Here, even the poor can claim a high status. What would you do with a hundred thousand or a million of someone? Establishment is carried out with every penny of the poor people. Gandhiji used to receive so many donations, and yet so many people died in that. They endured so much difficulty. You don't have any difficulty. The Father says: First of all study Raja Yoga and you will receive the kingdom. This kingdom here is like a mirage. There is the story of Draupadi inviting Duryodhan to her palace and when he came, he saw a lake and began to take off his clothes. So, Draupadi told him: Blind child of the blind, that is just a mirage. They all think that they have received their independence, but there is so much sorrow. People are so unhappy. Death is standing just ahead. The Father says: All are already dead. This is a graveyard and you have to make it into the land of angels. You will build palaces studded with diamonds and pearls. Here, this is the land of stones, and there, it will be the land of gold. Therefore, the Father explains: When you make a donation, the eclipse of the omens will be removed and you will then become 16 celestial degrees full. You are now impure. Human beings are so unhappy. When war takes place, people lose their sleep. They are unable to sleep. They sleep by taking sleeping tablets. This is the kingdom of Ravan. Now they burn Ravan on Dasher. They will continue to burn it till the end, until destruction takes place. After destruction, Ravan's image will not be burnt. Then, in the copper age, they will again create Ravan in order to burn him. They burn Ravan every year, but he just doesn't die. You

celebrate Raksha Bandhan and tie a rakhi every year and yet you also become impure again. Lakshmi and Narayan had so much wealth. They are worshipped so much. They don't worship Lakshmi alone; they worship the four-armed image. Both are included in that. Together with Lakshmi, Narayan is also needed. They worship both of them. How could anything function without a couple? This is the family path. You become the masters of the world. Children say that other people tell them: If you don't worship Lakshmi at Diwali, wealth will not come to you. Therefore, Baba advises you: Children, just play your *part* as a detached observer. Otherwise, there will be conflict. Simply play your *part* as a detached observer. Similarly, Baba says: If you have to get your daughter married, simply play your *part* as a detached observer. Otherwise, there will be a quarrel. If the daughter doesn't want to remain viceless, then, in those desperate circumstances, get her married. If she doesn't want to remain pure, then just let her go, don't harass her. A kumari is one who uplifts 21 generations. All of you are Brahma Kumaris and your business is to make everyone into a master of heaven. Ask your heart: How many do I make the same as myself? This is a *mission*. Here, you change human beings into deities and so you have to make a lot of effort. You are God's helpers. I liberate you from sorrow and make you into the masters of heaven. I am altruistic. I give you the kingdom and go into retirement. I have no desire to rule a kingdom. I give you the kingdom. You can take your fortune of the kingdom once again. You know that you were deities. You went through the 84 births and today you are part of Ravan's community. People always burn an effigy of Ravan. They never worship Ravan. Those who give happiness are worshipped. They make a image of Ravan and then burn it; he always gives sorrow. How can you praise someone who gives you sorrow? Shiv Baba is the Bestower of Happiness. People go and offer flowers to Him every day, but they don't know His *occupation*. Nowadays, there is a lot of blind faith. Baba says: You mustn't forget the Father who gives you the happiness of heaven. Otherwise, you won't be able to receive a lot of happiness of heaven. Since you say "Mama, Baba" you will go to heaven, but you will become maids and servants. You children have understood the meaning of the song. After belonging to God, don't forget this childhood. You have changed from devilish children to Godly children and you are to become deity children. This is your Godly birth. At this time you are servers. You are spiritual *social workers*. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. After taking a Godly birth don't perform any wrong actions. Become a worthy child. Remove the defects and imbibe divine virtues.
2. Become Godly helpers and make others equal to yourselves by doing spiritual service. Take three feet of land and open a spiritual *hospital cum college*. Become a full helper with your body, mind and wealth.

**Blessing:** May you be a karma yogi free from the bondage of karma by performing actions through your physical organs as a master.

Brahmin life is not a life of karmic bondage, but a karma yogi life. Be a master of the physical organs and continue to make your physical organs perform actions as you want, when you want and for however long you want and you will change from a Brahmin to an angel. Karmic bondages will end. You have received that body for serving and so the life of karmic accounts of karmic bondage has ended. Relations with the old body and old bodily world have ended and this is why this life is called the life of dying alive.

**Slogan:** In order to experience the company of the Comforter of Hearts, stay in the stage of a detached observer.
