

Essence: Sweet children, drums of happiness should beat in your heart because the unlimited Father has come to give you the unlimited inheritance.

Question: What illusion has Maya created for human beings due to which they are unable to make effort to go to heaven?

Answer: When people see the *pomp* of Maya of the final period over the last hundred years when they see the inventions of *aeroplanes*, electricity etc., they think that heaven is here. They have wealth, palaces, motor cars and so they think that this is it, that this is heaven for them. This happiness is from Maya and it has put them under an illusion. Because of this they don't make effort to go to heaven.

Song: Mother oh mother, you are the bestower of fortune for all...

Om shanti. It has been explained to you children that praise is sung of those who have been and gone. The people of Bharat don't know this. Even the scholars and pundits do not know this. Jagadamba, the World Mother, means the one who creates the people of the world. You know that the one who is called Jagadamba is now sitting personally in front of you children. They have been singing this on the path of devotion. You children have now received knowledge, that is, you have received Jagadamba's introduction. They have created many different pictures in the name of Jagadamba. In fact, there is only one Jagadamba, whether she is called Kali, Saraswati, Durga. By giving her many names people have become confused. They also speak of Kali of Calcutta. However, there is never such a person as that picture. The Father says: All of that is the paraphernalia of the path of devotion. The kingdom of Ravan starts at the time that the path of devotion starts. People don't know who Ravan is or who Rama is. This is an unlimited story. You children know that the kingdom of Ravan is now to end and that the kingdom of Rama is about to begin. Rama is definitely someone who gives you happiness and Ravan is definitely someone who causes you sorrow. There is the kingdom of Ravan in Bharat and so that is called the cottage of sorrow. The Father has explained that at present, all of you are in the kingdom of Ravan. The main thing is of Bharat. You have become degraded in the kingdom of Ravan. Rama, the unlimited Father, is the One who gives you happiness. At this time all human beings are following devilish dictates. There isn't a Ravan with ten heads. Those are the dictates of the five vices which are called the dictates of Ravan. Shiv Baba's directions are shrimat. It is now the devilish community. This is an unlimited matter. You receive happiness for 21 births by following shrimat. By following devilish dictates you have received sorrow for 63 births. You know that Ravan whom people have been burning is the biggest enemy. They don't understand when they will stop burning Ravan. They say: Burning Ravan has continued from time immemorial. They create his *effigy* and continue to burn it. Truly, Ravan has caused everyone sorrow, especially in Bharat. Therefore, Ravan is a great enemy but no one knows about this unlimited enemy. The unlimited Father comes and gives you unlimited happiness. Even scholars and pundits don't know such an easy thing. You children know that you have to claim your inheritance of happiness from the unlimited Father. However, you repeatedly forget the Father. On the path of devotion you have been calling out: Oh Baba, have mercy! Have *mercy on me!* He continues to have *mercy*. With whatever feelings you worship the deities, He definitely gives you temporary happiness for that. No one else can give you happiness. I alone am the Bestower of Happiness. I am also the Bestower on the path of devotion. They say: *God, the Father*, gave this. They say this of God. Then, why do you say that such-and-such a holy man gave you wealth, since it is only the one Father who gives you happiness? People even sing: Oh God, remove our sorrow! Then, why do they say that such-and-such a holy man removed their sorrow or gave them a child? They believe that they received happiness due to his grace. When they have profit in their business, they think that it is because of the grace of their guru. If they have a loss, they don't think that it is due to the lack of their guru's grace. Poor devotees continue to say whatever enters their mind without thinking about anything. They continue to *follow* whatever they hear. This is also the *drama*. The Father now comes and makes you belong to Him. Maya causes a lot of obstacles in your having love for the Father. She completely turns your face away. She makes you divorce the Father who gives you happiness for 21 births. The Father explains that there is the difference of day and night between the path of knowledge and the path

of devotion. When people have become poverty-stricken by doing bhakti, the Father comes, gives knowledge and makes you prosperous for 21 births. You have been doing that bhakti for birth after birth and received temporary happiness. There is a lot of sorrow caused. The Father says: I have come to give you back the kingdom you lost. This is something unlimited. It is not anything else. Lakshmi and Narayan etc. were *viceless* deities. There would have been so many diamonds and jewels in their palaces. As you progress further, you will see a great deal. The closer you come, the more *scenes* of heaven you will see. There will be such big courts. There will be such good decorations of gold and diamonds on the windows etc. That is all. Just wait for the night to end and the day will begin. The Paradise that you see in divine visions, you will definitely see that in a *practical* way. The destruction that you have seen in divine visions, you will definitely see that *practically* also. Drums of happiness should beat inside you. You are claiming your unlimited inheritance from the unlimited Father. These pictures are not *accurate*. You see all of those things in divine visions. You go there and perform dances etc. You used to make so many pictures etc. Whatever the Father showed you in divine vision, that will definitely happen in a *practical* way. You know that this dirty world is going to end. You are sitting here making effort to claim your self-sovereignty by following shrimat. There is a lot of difference between that path of devotion and this path of knowledge. Look at what the condition of Bharat has become. They don't have food to eat and yet look at the big *plans* they are making. There is very little *time* left. Look at what their *plans* are and what your *plans* are. These things are not mentioned in the scriptures. They have written so many stories in the Ramayana etc., but it is not like that. Why do they burn Ravan every year? If Ravan had been burnt, he should have been destroyed, should he not? Look at the income on the path of devotion and the income on the path of knowledge! Baba fills your treasure-store completely. It takes effort. You definitely have to remain pure. It is remembered: Why should we renounce nectar and drink poison? They have created a lake in Amritsar and given it the name, "Lake of Nectar". They take a dip in the lake. There is also a lake with the name "Mansarovar". They don't understand the meaning of "Mansarovar". Mansarovar means that the Incorporeal Supreme Father, the Supreme Soul, the Ocean of Knowledge, enters a human body and speaks this knowledge. People have sat and made up so many stories. The Gita is the mother, the jewel, of all the scriptures. They have then said that that was spoken by Krishna. They have also written so many things about Krishna: that he was bitten by a snake, that he abducted women. They have made so many false allegations. You can now explain to them. It does not relate to Krishna. It is the Supreme Father, the Supreme Soul who sits here and tells you the essence of the Vedas, scriptures and the Granth through Brahma. The *number one* is the Shrimad Bhagawad Gita. The people of Bharat only have one religious scripture. Because that has been falsified, all its children, the Vedas and scriptures, have also become false. The Father explains to you so clearly. In spite of that, as you move along, you are slapped by Maya. You don't imbibe anything. This is a battlefield. It is you, who have become Brahmins who are the children. Such things are not written in the Gita etc. There is the mouth-born creation of Brahma. The sacrificial fire was created through Brahma. There is truly the sacrificial fire of the knowledge of Rudra and so where did the battlefield come from? The sacrificial fire in which the horse was sacrificed for self-sovereignty is also remembered. We are sacrificing this chariot. They have then created a sacrificial fire of Daksh Prajapita and sat and sacrificed a horse in that. They have written all sorts of things. You know that Bharat was heaven in the golden age and so there would surely have been very few people there. There were few deities there. There will definitely be the kingdom on the banks of River Jamuna. Just the deities will rule there. There will be no heat etc. there that they would have to go to Kashmir or Simla etc. The elements will also have become completely satopradhan. Only those who are to understand these things will understand them. The golden age is called heaven and the iron age is called hell. The copper age is not said to be that much of hell. In the silver age, two degrees are reduced. The maximum happiness is in heaven. They say that so-and-so has gone to heaven. However, they don't understand the meaning of heaven. If he became a resident of heaven, then he was surely in hell prior to that. Every human being is in hell. The Father is now giving you an unlimited kingdom. There, everything will be yours. The earth, the sky etc. will all be yours. You will rule the unshakeable, constant and peaceful kingdom. There will be no mention of sorrow.

Therefore, you should make so much effort for that. Look at what the stages of the children are like. You know that your Mama and Baba are making very good effort. Why should you also not make effort and claim your inheritance? The Father says: Children, don't become tired. Continue to follow shrimat. Never forget shrimat. You need to be very cautious about this. Whatever you do, ask Baba: Baba, I am confused about this. I will not accumulate sin by doing this, will I? Baba never takes anything from anyone. Even on the path of bhakti, people donate in the name of God and then receive something in *return*. What would Shiv Baba do by taking something from you? He doesn't have to build any palaces. He does everything for you children. He has buildings built for you to stay in at the end. The temple of your memorial is here and you are also sitting here. *Serviceable* children will see a lot of splendour as they progress further. Whilst sitting here, you will tour around heaven. Then, you will go there and build palaces. There is a *competition* of buildings etc. Look how much they have built in the last 100 years. They have made Bharat into Paradise. So, you can understand what they would not have in just a 100 years there. All of *science* will be useful to you there. The happiness of *science* will be experienced there. Here, there is sorrow. They make so much effort in *science*. You children know that they are just praising themselves. There is temporary, momentary happiness. It is the *pomp* of Maya of the final time. It is now that they travel in *aeroplanes* and *rockets* etc. None of those facilities existed before. There wasn't electricity before either. All of that is the happiness of Maya which creates an illusion for people. People think that this is heaven. There used to be vimans etc. in heaven, and so this is heaven. They don't understand that preparations are being made for heaven now. They think that because they have wealth, they have palaces and so that's it. This is heaven for them. Achcha, let that heaven be in their fortune! We have to make effort and go to the true heaven. You are making effort for that. You mustn't become slack in your efforts. You have to live at home with your family and make effort. You have to do *service*. You have to become pure and also make your friends and relatives worthy. Tell them sweet things. Baba has explained the *point* of the two fathers very clearly. You are to receive your inheritance of the Father's property. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Never become tired of making effort. Be very cautious as you continue to follow shrimat. Never become confused.
2. Never perform any sinful actions. In order to go to the true heaven do the service of becoming pure and making others pure.

Blessing: May you be an easy effort-maker and with the *foundation* of amrit vela keep the timetable of the whole day good.

Just as when a *train* is on its tracks, it runs very well *automatically*, in the same way, every day at amrit vela, stand on the line of remembrance. If your amrit vela is good, your whole day will be good. If the *foundation* of amrit vela is strong, you will easily continue to receive co-operation the whole day and your efforts will also be easy. Those who are true Sitas, who constantly stay in remembrance of the Father, and stay within the line of shrimat, have the remembrance of the one Rama in their every vein.

Slogan: In order to *catch* Baba's help, make your intellect concentrated and stable.
