

Essence: Sweet children, your intellect should work for unlimited *service*. Make a large clock with hands of *radium* so that it can be seen shining from a distance.

Question: What method should you use to increase *service*?

Answer: Invite the clever maharathi children to your centre. *Service* will grow when the maharathi children continue to tour around. You should not think that regard for you would decrease if you did this. You children should never become body conscious. Have a great deal of *regard* for the maharathis.

Song: This time is passing by...

Om shanti. When I heard the word "clock" I remembered the unlimited clock. This is an unlimited clock. It is all a matter of using your intellect to understand. That clock has a large hand as well as a small hand. The large hand of seconds continues to move. It is now midnight which means that the night is ending and the day is about to begin. Therefore, how big should you make this unlimited clock? You should make its hands of *radium* so that they can be seen shining from a distance. The clock explains itself. When a newcomer comes, let him come and see the clock. The intellect says that the hand of the clock has now truly reached the end so that anyone can understand from seeing it that destruction definitely has to take place, and that the golden age will start again. There are very few souls in the golden age and so all of the other souls will definitely go back home. It is very easy to understand with pictures. If anyone were to create such a clock many people would buy this clock to have at their home. You have to explain that this iron-aged world is degraded. There are many religions. Destruction is standing ahead. There will also be *natural calamities*. Now, how did Lakshmi and Narayan receive their kingdom of the golden age? Surely, they must have received it from the Father. The Purifier comes into the impure world at the confluence age. The Father does not have to come into the pure world. This is a *first-class* aspect in the explanation of the cycle and it is very easy to explain this to anyone. Those who have lot money should quickly *order* an *artist* to prepare these pictures instantly. Any *Government* task is done just like that, whereas here, scarcely a few do such tasks. If a very good *artist* paints these pictures well, they would look very nice. Nowadays, there is great value for *art*. They perform the art of dance so much. They believe that, previously, there used to be such *dancing*, but that was not so. Therefore, you should have these unlimited clocks made instantly, so that people can understand very clearly. The *colour* should also be good so that it constantly sparkles. No human being can be a Purifier. Human beings are impure. This is why they call out. The pure world is heaven. People don't know that it is Krishna who becomes ugly and then becomes beautiful. This is why he is called the ugly and the beautiful one. Previously, we too did not understand this. It is now in our intellects that by sitting on the pyre of lust we definitely become ugly, that is, the soul becomes impure. You also have to write clearly that the Supreme Father, the Supreme Soul, gives you your inheritance and that Ravan curses you. However, people's intellect goes towards King Rama of the Raghav clan of the silver age, but Rama is the Supreme Father, the Supreme Soul. You should use your intellect to create these pictures, because these days everyone calls himself God. You understand that there is only one Father and that all souls will go and reside in the supreme abode with the Supreme Soul. At that time, the Father is the Master of Brahmand (the element of light) and we souls are also the masters of Brahmand. The Father says: I am making you into the masters of the world. No other king, no matter how great he may be, can claim to be the master of the world. The Father is making you into the masters of the world. Therefore, you should surrender yourself to such a Mother and Father. His *shrimat* is very well known. By following it, gradually, you will be able to follow it completely by the end. If you were to follow it fully at present, you would become elevated. You have to beat your heads so much! Your efforts will continue for as long as the sacrificial fire lasts. This is the sacrificial fire of the knowledge of Rudra. People also create sacrificial fires of Rudra in order to attain peace. However, there can't be peace through those. There is only the one sacrificial fire created by the Father in which the ingredients of the whole world are sacrificed and through which you attain liberation-in-life in a *second*. They create so many sacrificial fires, yet there is no benefit in them. You children are *non-violent*. No one can go to heaven without becoming pure. This is the final period. You have to write that this is the impure world, the corrupt world of Ravan. There is 100% impurity, peacelessness, sorrow and disease, whereas in the golden age everyone is elevated. There is 100%

purity, happiness and peace and everyone is free from disease. That is Ravan's curse and this is the inheritance from Shiv Baba. Your literature should fully explain from what time to what time Bharat was elevated and then, from what time to what time it became degraded. The literature should be such that anyone simply glancing at it can understand these things. By explaining to others your intellect's intoxication will rise. By staying engaged in this business, this *practice* will be developed. People go to work for 8 hours and so you have to do this *service* for 8 hours. The daughters who live at the *centres* are also numberwise. Some have a lot of interest in doing *service*; they are constantly running around everywhere, whereas others simply sit down in one place in comfort. Such souls cannot be called *all-rounders*. Because they don't think much of the maharathis, *service* becomes slack. Many have a lot of arrogance about themselves. They think that people should have regard for them, and that if anyone else came to their centre, their regard would decrease. They don't understand that the maharathis who come would help them. They are arrogant about themselves. The Father says: The Lord and Master is pleased with an honest heart. Baba continues to receive all the news and is able to know the pulse of each one. This Baba is also experienced. The explanation of the cycle is very good. When you give this explanation of yours, *service* will become very fast and great. At present, *service* is at an ant's pace. Because you remain body conscious, your intellect does not function well. You now have to do fast *service*. The intellect of *serviceable* children continues to work as to what should be created. It is very easy to explain using pictures. It is now the iron age and the golden age is being established. It is the Father who takes everyone back. There, there is happiness whereas here there is sorrow and all are impure. Impure human beings cannot grant liberation or liberation-in-life to anyone. All of those gurus teach you activities of the path of devotion. All the gurus belong to the path of devotion. There are no gurus on the path of knowledge. Here, you have to make a lot of effort. To make Bharat into heaven is a game of magic and this is why He is called the Magician. Krishna cannot be called the Magician. It is that Father who makes Krishna beautiful from ugly. You need great intoxication in order to explain this. You should go out to serve. The poor take to this knowledge very well. There is less hope for the rich. Against a 100 poor ones, there would probably be 1 or 2 rich ones and 5 or 7 ordinary ones that emerge. Everything continues like this. There isn't much concern for wealth. Just look how much ammunition the *Government* makes. Both sides understand that there will be destruction; we will attain destruction. Then, who will become the hunter? There is the story of the two cats fighting for the butter and the monkey taking it from in between them. Krishna has been portrayed with butter in his mouth. This butter represents heaven. Very few understand these things and they too with great difficulty. Even those who have been here for 20 to 25 years don't understand anything. When Baba created the bhatti, many came and many flew away. Even so, many remained here. The same thing happened in the previous cycle of the *drama*, and the same thing is happening now. The larger the pictures are made, the easier it is to explain them to others. The picture of Lakshmi and Narayan is essential. From the picture of the tree, it is understood when the *cult* of devotion begins. The first two ages represent the day of Brahma and the other two represent the night of Brahma. Human beings don't understand this because they believe that Brahma is in the subtle region. The Father of Humanity would definitely be here. These are such deep matters that they cannot be found in the scriptures. All the pictures that human beings have been looking at are wrong and all the knowledge they have been listening to is wrong. Brahma has been portrayed with many arms. All of those scriptures etc. are the paraphernalia of the path of devotion. No one in the world knows when it began. Human beings do so much bhakti because they believe that it's impossible to meet God without doing bhakti. However, it is only when you have become completely degraded that you can meet God and be granted salvation by Him. Only you know this calculation. Devotion begins after half the cycle. The Father says: All the Vedas, Upanishads, sacrificial fires and tapasya etc. belong to the path of devotion. All of that is going to end. Everyone has to become ugly, so that the Father has to come and make you beautiful. The Father says: I come at the confluence of every cycle, not in every age. They show My incarnation in a crocodile, a fish etc. If they are the incarnations of God, how could He also be in the pebbles and stones? Human beings have become so senseless! The Father has come and made you so sensible. You have to sing the praise of the Supreme Father, the Supreme Soul, of how He is the Ocean of Knowledge and the Ocean of Purity. This cannot be

the praise of Krishna. Devotees of Krishna say that he is omnipresent. They cling to him so much! You have to release them from that and give them the introduction of the Father. All souls are brothers and so how could they all be the *Father*. In that case, whom would you remember? It is the children who remember *God*, the *Father*. Those who explain this should have an unlimited intellect. The intellects of the children are trapped in the limited. They only sit in one place. *Businessmen* open large *branches* in many places. The more *centres* they open the better *managers* they become. However, it then also depends on the *centre*. These are the shops of the imperishable jewels of knowledge. Whom do they belong to? To the Ocean of Knowledge. Krishna did not have this *knowledge*, nor did a battle take place at that time. There are many *points* which you have to imbibe and explain. The pictures should be put up in a gathering so that everyone can see them. The picture of the clock is very good. By knowing this cycle you become the rulers of the globe. You have to become spinners of the discus of self-realisation. It is very easy to explain with the picture of the clock. So many children who have been here for so long do not become worthy at all. They consider themselves to be very clever. They remain pleased with themselves for no reason. If you don't do *service*, who would think that you are a donor? When you donate, should you donate golden guineas or just a few pennies? These pictures are like mirrors for the blind. They will be able to see their face in these mirrors. Previously, you saw a monkey's face and now your face is becoming worthy of being in a temple. You have to make effort in order to become worthy of being in a temple. This is the impure world whereas the world that Shiv Baba is creating is totally pure. The intellects of those who do not follow shrimat are not able to imbibe any of this. The Father says: Day by day, I explain deeper aspects to you and this knowledge will definitely grow. Some ask the question: How can there be eight kingdoms? According to these calculations there should be this many kingdoms. The Father says: Why do you people go into this? First, remember the Father and His inheritance. Whatever the customs and systems there are will continue. Children will be born there as per the system there. Why do you go into that? Why do you allow your mouth to bring up the subject of vice? It is very good to give these pictures to someone as a gift. They are *God-Fatherly gifts*. Who wouldn't accept such a *God-Fatherly gift*? Christians do not accept *literature* from anyone else because they have the intoxication of their own religion. The Father says: The deity religion is the highest of all. People think that they would receive a lot of money from the Christians. However, these things are about knowledge. Only those who take this knowledge will receive their inheritance from the Father. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Sacrifice yourself from deep within your heart to the Mother and Father who makes you into the masters of the world. Follow His shrimat very well and become elevated.
2. Always keep your heart honest. Do not become arrogant. Donate the golden guineas of this knowledge and become a maharathi. You must definitely do eight hours a day of Godly *service*.

Blessing: May you become a *number one* elevated Brahmin soul by considering your body to be the temple of your soul and thereby keeping it pure and clean.

Throughout the whole cycle, you Brahmin souls are the *number one* elevated souls. You are as valuable as diamonds. With the awareness of this, consider your body to be the temple of you, the soul, and keep it pure and clean. The more elevated an idol is, so accordingly is its temple. You are *trustees* of the temple of your body. The awareness of being a *trustee* automatically brings cleanliness and purity. By adopting this method, the purity of your body will constantly give the experience of spiritual fragrance.

Slogan: To observe the fast of maintaining spirituality is to be a knowledgeable soul.
