

Essence: Sweet children, together with knowledge and yoga, your behaviour too has to be very good. Let there not be any evil spirits inside you because you are exorcists who remove evil spirits.

Question: Which intoxication can the worthy and obedient children experience permanently?

Answer: We are claiming from Baba our inheritance of becoming *double*-crowned masters of the world: Only worthy and obedient children can experience this intoxication permanently. However, if there is an evil spirit of lust or anger inside you, there cannot be this intoxication. Such children cannot even have *regard* for the Father. This is why you first of all have to chase away the evil spirits and make your stage strong.

Song: Who has come to the door of my mind with the sound of ankle-bells?

Om shanti. No one except you children can understand the meaning of this. That too is numberwise according to the effort you make, because there is neither a physical nor a subtle image of the Supreme Father, the Supreme Soul. The deities are subtle and there are just three of them. And even very much more subtle than them is God. Now, who says: Oh Supreme Father, Supreme Soul? Souls. The Supreme Father, the Supreme Soul, is called God. A soul cannot call his physical father, the Supreme Father. When you remember the parlokik Supreme Father, the Supreme Soul, that is called being soul conscious. You remember the father who has a relationship with the body. The other is the Baba who has a relationship with the soul. He has now come here. The soul knows with the intellect because the soul has an intellect. Therefore, the Supreme Father, the Supreme Soul is surely the parlokik Father. He is called God. Baba has now had this questionnaire made. It will be easy for you children to explain with it. Just as *forms* are filled in, in the same way, you can get them to fill in the questionnaire. Definitely, the one who asks these questions is *knowledge-full* and so would surely be a *teacher*. It is the soul that takes a body and explains with the *organs*. Therefore, this questionnaire has been created so that it is easy for you children to explain. However, the stage of the children who relate knowledge also has to be very good. Although some of you may have very good knowledge and your yoga too is very good, together with that, very good behaviour is also required. The behaviour of those who don't have the evil spirits of lust, anger, greed, ego and attachment would be divine. Those are very big evil spirits. You children should not have any evil spirits in you. We are exorcists who remove evil spirits. Impure souls that wander around are called ghosts. The exorcists who remove those ghosts are very clever. No one apart from the Supreme Father, the Supreme Soul, can remove the evil spirits of the five vices. Only the One removes the evil spirits in everyone. There is just the One who grants salvation to all. The one who *liberates* you from Ravan is only the One. Those are big evil spirits. It is said: This one has the evil spirit of lust, this one has the evil spirit of attachment and impure arrogance. The Liberator, the Supreme Father, the Supreme Soul, is the only One who can liberate everyone from those evil spirits. You know that, at this time, the most *powerful* are the Christians. The words of their English language are also very good. Whoever the king is, he uses his own language. No one knows the language of the deities. My daughters would go and come back and tell us everything (they saw in trance). They used to stay in trance for two to four days. There should be a clever trance-messenger who would be able to speak in the language that she sees there. You children should tell everyone the story of Bharat. Bharat was satopradhan but it has now become tamopradhan, worshipping from being worthy of worship. In Bharat, there are many images of the deities. People worship them with blind faith because they don't know their *biography*. We are all *actors*, and so we should know the *Director* etc. of the *drama*. This is why the questionnaire has been prepared. You should also write to the Pope: You are telling your *followers* to stop manufacturing those things for destruction. So, why don't they all listen to you? You are the guru of everyone and you are praised a great deal, so why don't they all listen to you? You don't know the reason for this and so we will tell you. They are not following your directions. They are manufacturing everything according to God's directions. Heaven is being established through Adam and Eve. *God* is *knowledge-full* and He is incognito. Surely His army would be following His directions. You should explain in this way. However, children don't have such a broad and unlimited intellect. Therefore, the *screw* has to be *tightened*. When an *engine* cools down, they put in more coal to heat it up. These are the coals of knowledge. The Supreme Father, the Supreme Soul, is the greatest of all and everyone will come to

salute Him. Everyone considers the Pope to be *powerful*. People don't give as much regard to anyone else as they do to the Pope. They don't know the Father. He is incognito. Only you children know Him and give Him that importance. However, Maya is such that she doesn't even allow His children to have *regard* for Him. As soon as you go outside, the intoxication you have that Baba is making you into the masters of the world ends. Why would we not claim our inheritance of becoming *double-crowned*? This is the intoxication of the worthy and obedient children. However, there are many children who have the evil spirits of lust, anger and greed. Baba speaks the murli and you then feel inside: I still have a slight influence of lust inside. If one side is strong, then nothing can happen. Sometimes, the wife is strong and sometimes the husband is strong. Baba receives all types of news. Some write with an honest heart. There has to be great honesty and cleanliness internally and externally. Some are honest externally, but are false within. Many experience storms. They write: Baba, today, I experienced the storm of lust, but I was saved. If they don't write, then, firstly, punishment is experienced, and secondly, that habit increases. Eventually, they fall. Baba has these hopes in the children. When there are even a few bad omens, they can be removed. There are many children who are moving along fine today. However, tomorrow, they would become unconscious or their throats would choke. Definitely, they are being disobedient about something. You should remain honest in every situation, for only then will you become the masters of the land of truth. If you tell lies, the illness will increase and cause damage. You children should write the questionnaire very tactfully: What is your relationship with the Supreme Father, the Supreme Soul? Since He is the Father, there is no question of omnipresence. He is the Bestower of Salvation for All, the Purifier and the God of the Gita. Therefore, He would surely have come at some time and given knowledge. If this is right, then, do you know His biography? If you don't know it, you cannot receive an inheritance. You would definitely receive an inheritance from the Father. Then, ask the second question: Do you know Prajapita and his mouth-born creation? The one who is called Saraswati is the goddess of knowledge. She is called the *goddess of knowledge*. This one is Jagadamba. So, surely, there would be her children and also her Father. He is the One who gives *knowledge*. So who are this Prajapita and Jagadamba? She is also called the goddess of wealth. At that time, she is not the goddess of knowledge. This Brahma and Saraswati then become the king and queen. Therefore, their children must surely also become the masters of heaven. This is now the confluence, the kumbh. Look at what happens at that Kumbha mela. There is the difference of night and day between its meaning on the path of devotion and its meaning here. That is the confluence of the rivers of water and the ocean. This is the mela of the *human* Ganges who emerge from the Ocean of Knowledge. This question can also be asked: Who is the One who makes you pure from impure? This is something to know and this is why we are asking you. You can become kings and queens through having the knowledge from this Mother and Father. Would your mouth be sweetened by saying that God is omnipresent? You are now receiving knowledge, the fruit of devotion. God is now teaching you and so you have stopped wandering around. Baba says: Children, may you be bodiless! The soul has received knowledge. The soul now says: We now have to return home to Baba. Then there is the reward. The kingdom is being established. These matters have to be understood. This questionnaire is very good. It should remain in everyone's *pocket*. Only *serviceable* children would think about these things. Baba has to make so much effort for you children. Baba says: Children, make your future elevated. Otherwise, your status will be reduced for cycle after cycle. Just as this Baba and Mama become the emperor and empress, so too, children should become the same. However, there has to be faith in the self. A king also has a lot of power. There, there is nothing but happiness. Others who become kings become that by making donations and performing charity in the name of God. All the subjects live under the *orders* of the king. At this time, the people of Bharat have no kings. It is the rule of the people over the people so they have become so weak. Baba knows that many children experience storms, but they don't give this news to Baba. You should write to Baba: I experience such storms, so please give me some advice! Baba would advise you according to your situation. You don't write and your companion doesn't write either, saying: Baba, this is the condition of my companion. The news should be given to Baba. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Night Class: 11th January 1969

The unlimited Father comes and explains to you. He makes you belong to Him, gives you teachings for royal status and also makes you pure. The Father gives you the introduction of Himself and the inheritance in a very easy way. You would not be able to understand it by yourself. You would surely receive an unlimited inheritance from the unlimited Father. Only those with a very good intellect would understand what inheritance the Father gives. He gives you the inheritance of the home, the study and the sovereignty of heaven. Those who become the pure deity community are the ones who come into the kingdom. Those who study and teach others will accordingly claim a high status. There are so many children and they are claiming their inheritance from the Father. The Father makes you into the masters of heaven, into Narayan from an ordinary man. This one is the master of the kingdom. So, the unlimited Father is the Creator of heaven and we, His children, will claim the sovereignty of heaven from Him. As the king and queen, so the subjects. To the extent that you make effort, accordingly, you will claim a high status. This is effort for the kingdom. Not everyone receives a kingdom in the golden age. To the extent that you make effort, accordingly, you will receive a high status. Your reward depends on the effort you make. You children know that according to however much effort you make, you will receive a sovereignty. If you consider yourself to be a soul and remember the Father, you will become satopradhan from tamopradhan and become *pure* gold. You will also receive a kingdom. Here, people say that they are the masters of Bharat. All of you will become the masters, but what status will you then claim? What will your status in heaven be after the study? You are now studying at the confluence age. Then you will rule in the golden age. The Father teaches you yoga and also teaches the study. You understand that we are studying Raja Yoga. We also become pure by having remembrance of the Father. Then our rebirth will not be in the kingdom of Ravan, but in the kingdom of Rama. We are now studying – manmanabhav, madhyajibhav. It is now the end of the iron age and then the golden age, heaven, will definitely come. The Father only comes at the confluence age and opens this unlimited *school* where there is the unlimited study to claim the unlimited sovereignty. You know that you will become the masters of the new world. The new world is called heaven. You feel intoxicated about this, do you not? Truly, after the old world, there is the new world. Children remember this. It is in the hearts of all the children that the Supreme Father, the Supreme Soul, is teaching us in order to make us into the masters of heaven. You children should remember that God is teaching you. We are becoming the highest-on-high kings and queens of heaven. We receive the kingdom through Raja Yoga, and there is purity, peace and happiness in that. There is everything. Shiv Baba has now entered this Baba. He is the Highest on High. The soul carries that experience with himself. When he goes there, the way of sitting there will be elevated. All the *students'* seats will be individual. A student wouldn't sit in another student's place. No two souls can have the same *part*. The Father has explained: Souls have a *record* recorded in them. Our efforts are continuing according to the *drama-plan*. Some will become kings and others will become queens. At the end, the *results* of effort will be announced so that the rosary will be created. Those who are to claim a high *number* will definitely know. When someone dies, you can tell that the soul will go and take another body according to his karma. Those who have performed good actions will receive a good birth with the power of yoga. If one doesn't make effort, one receives a low status. Happiness will be experienced by thinking in this way. As the maharathi, so his or her praise. Not everyone's way of speaking knowledge is the same. Each one's way of speaking is also different. This play is predestined. You children are now paying attention to your karma. Whatever the father or mother does, you children learn that. You are now performing elevated actions. One can understand this from the *service* you are doing. The effort that the maharathis make cannot remain hidden. You can understand who is making effort to claim a high status. All the children have a *chance*. In order to claim a high status, you have also received the *lesson* of manmanabhav, together with its meaning. You children understand that the *Knowledge-full* Father Himself comes and gives you the *knowledge* of the Gita, and so He would surely give

you *accurate knowledge*. Then how much you continue to put whatever you hear into a *practical* form depends on how much you imbibe. It is not *difficult*. You have to remember the Father and know the cycle. This is the study of your final birth. You will *pass* and then go to the new world of the golden age. It is remembered: There is victory in faith. So, you children have understood with your loving intellect that God is teaching you. You children know that you are souls and that you are imbibing this. The soul is studying through this body; he is doing a job. These matters have to be understood. You remember the Father and Maya, Ravan breaks your intellect's yoga. You have to remain cautious of Maya. The more you progress, the more your influence will spread and the mercury of your happiness will also rise. When you take a new birth, you will *show* this very clearly. Achcha.

To the sweetest spiritual children, love, remembrance and good night from the spiritual BapDada.

Essence for dharna:

1. Remain honest and clean internally and externally. Give the Father your news with an honest heart. Do not hide anything.
2. You now have to return home. Therefore practise remaining bodiless. Remain in silence.

Blessing: May you be a *master* teacher who while moving around gives teachings to every soul through your every action and word.

Just as nowadays you have mobile *libraries*, in the same way, you are *master* teachers who are mobile. Always see *students* in front of you. You are not alone. You are always in front of *students*. You are always *studying* and always enabling others to study. Worthy teachers would never be careless in front of *students*; they would pay *attention*. When you sit, wake up, walk or eat, at every moment, think that you are sitting in a big *college* and that *students* are watching you.

Slogan: To purify your sanskars completely with faith in the soul is elevated yoga.
