

**Essence:** Sweet children, from time to time, come to the Ocean of Knowledge. Fill yourself with the goods of the jewels of knowledge and then go out and *deliver* them. Churn the ocean of knowledge and occupy yourself in service.

**Question:** Which effort is the best of all and which children does the Father love?

**Answer:** To create the life of someone is the best effort of all. You children should occupy yourselves in this effort. If you ever make a mistake, do a lot of *service* as a return for that. Otherwise, that mistake will continue to make your conscience bite you. The Father loves gyani and yogi children very much.

**Song:** The rain of knowledge is for those who are with the Beloved...

Om shanti. You children can understand that there definitely is a difference between listening to the murli personally, hearing it on *tape* and reading it. It says in the song: The rain of knowledge is for those who are with the Beloved. The rain is for everyone, but those who are with the Father can also benefit a lot by understanding the *expressions* on the Father's face and knowing His various *directions*. However, it is not that anyone can just sit here. You have to fill yourself with the goods and then go and do *service*. Then return and fill yourself with the goods again. People go to buy goods in order to sell them. They sell them and then return to buy more. These too are the goods of the jewels of knowledge. You come back to get more goods. There are such senseless ones who don't do a *delivery*, they just stay holding onto the old goods, they don't want to get more new goods. People themselves go on pilgrimages. The pilgrimage place would not come to them because those images are non-living. Only you children understand these things. People don't understand anything. Big gurus such as Shri Shri Mahamandleshwar etc. take their followers on pilgrimages. So many people go to the Triveni. They consider it to be charity to go to the rivers and make donations there. Here, there is no question of bhakti. Here, you have to come to the Father. Therefore, you children have to understand and then explain to others. You also have to explain to people at exhibitions. You children know that not everyone goes around the cycle of 84 births. A very good method is needed to explain this. It is this cycle that people become confused about. No one even knows about the tree. They also show the cycle in the scriptures. They show the duration of the kalpa from the cycle. There is confusion in the cycle. We go around the full cycle. We take 84 births. However, those of Islam and the Buddhists come later. How we *pass* through the stages of sato, rajo and tamo is shown in the picture of the cycle. How can we show the same about all the rest, those of Islam and the Buddhists etc, that come? They too go through the stages of sato, rajo and tamo. We also show our variety-image form. We go around the whole cycle from the golden age to the iron age. The top-knot is of Brahmins, then the face represents the golden age, the arms represent the silver age, the stomach represents the copper age and the legs are shown to be *last*. We can show our variety-form image, but how can we show this for the other religions? When they start, they too are satopradhan, and then they go through the stages of sato, rajo and tamo. This proves that no one has ever gone to nirvana. They have to go around this cycle. Each one has to go through the stages of sato, rajo and tamo. Abraham, Buddha and Christ etc. were human beings. Baba has many thoughts about this at night. He loses the drowsiness of sleep in these thoughts. He loses his sleep in these. Very good methods are needed to explain these. Their variety-form image has to be created. Their feet should also be shown at the end and then this should be explained in writing. You children have to explain that, when Christ comes, he too has to *pass* through the stages of sato, rajo and tamo. He doesn't come in the golden age. He has to come later. They would ask: Would Christ not come in heaven? This play is predestined. You know that there were other religions before Christ and that they have to *repeat*. The Sikhs who follow Guru Nanak would say: Can we not go to the land of truth? The secret of the *drama* has to be explained. First of all, you have to give the Father's introduction: How do you receive an inheritance from the Father in a *second*? It is remembered: You receive liberation-in-life in a *second*. Look, Baba has so many thoughts. It is Baba's *part* to churn the ocean of knowledge. The words "*God-Fatherly birthright – now or never*" have been written. You also have to write the words "*Liberation-in-life*". If the writing is *clear*, it will be easy to explain. You received the inheritance of liberation-in-life. Kings, queens and subjects are all in liberation-in-life. So the writing has to clarify this. It can also be explained without the

pictures. You can explain simply with signals. This is Baba and this is the inheritance. Those who are yogyukt would be able to explain well. Everything depends on yoga. Your intellect becomes pure through yoga and only then can dharna take place. A soul-conscious stage is needed for this. You have to forget everything. You also have to forget your body. That's all. We now have to return home. This world is going to end. It is easy for this Baba because this is his business. His intellect is engaged in this throughout the whole day. All right, but those who live at home with their family have to perform actions. Whilst performing physical actions, you forget those other things. You forget to have remembrance of Baba. Baba tells you his own experience. I remember Baba: Baba is feeding this chariot, and then I forget. Therefore, Baba thinks: Since even I forget, how much difficulty must all of these helpless children be having? How would they increase their *chart*? It is difficult for those on the family path. They have to make effort. Baba explains to everyone. Those who are making effort can write their *result* and send it to Baba. Baba knows that this is really *difficult*. Baba says: Make effort at night. All your tiredness will be removed if you remain yogyukt and continue to churn the ocean of knowledge. Baba tells you his experience. Sometimes, my intellect is diverted to other things, and then my head becomes heated. Then, I remove my intellect from those storms and occupy myself in churning the ocean of knowledge, and then my head becomes light. Many types of storms of Maya come. By occupying your intellect in this, all of that tiredness will be removed, and the intellect becomes *refreshed*. When you occupy yourself in Baba's *service*, you receive the butter of yoga and knowledge. This Baba is telling you his experience. The Father would tell the children: This and that will happen. Storms of Maya will come. At that time, you should occupy your intellect in these things. You should look at a picture and begin to think about that and the storms of Maya will fly away. Baba knows that Maya is such that she doesn't allow you to stay in remembrance. There are few who stay in remembrance the whole time. Many talk big. If you stay in remembrance of Baba, your intellect can remain *clear*. There is no other butter like staying in remembrance. When there is a lot of physical burden, your remembrance reduces. Look, the Pope came to Bombay. He was praised so much, as though everyone's God had come. He has power, does he not? The people of Bharat don't even know their own religion. They continue to say that their religion is Hinduism. However, Hinduism is not a religion. No one knows where it came from or when it was established. You should have enthusiasm for knowledge. Shiv Shaktis should jump with enthusiasm for knowledge. Those people have shown the Shaktis riding a lion. All of that refers to knowledge. At the end, when you have become powerful, you will also explain to the sages and holy men. When you have that much knowledge in your intellect, you can then have that enthusiasm. In the city of Chakrata, if a *teacher* teaches farmers, they won't study because they only like to farm. In the same way, if you give this knowledge to the people of today, they say: We don't like it. We want to study the scriptures. However, God says very clearly: No one has attained Me by doing penance, tapasya, making donations, performing charity or even by studying scriptures. They don't know the *drama*. They don't understand that they are *actors* of the drama and that they have taken a costume to play their *part*. This is a forest of thorns. They continue to prick one another, continue to loot and kill one another. Although they look like human beings, their character is like that of monkeys. The Father sits here and explains to you children. If a new person were to hear this, he would become heated. You children do not get heated. The Father says: I only explain to My children. A mother and father can say anything to their children. If a father were to slap his child, no one could do anything. It is a parent's duty to reform the children. However, there isn't that *law* here. Whatever actions others see me perform, they will do the same. So, Baba told you about what he churned. This one is the first *number*, he has to take 84 births, and so how could all the other *heads*, the religious founders, have gone to nirvana? They definitely have to go through the sato, rajo and tamo stages. The first *number* are Lakshmi and Narayan who are the masters of the world. They too have to take 84 births. In the human world, together with the *highest new man*, there also has to be the *new woman*. How could there be creation without *women*? In the golden age, the *new man* and woman are Narayan and Lakshmi. They become *new* from *old*. They are the ones who play an *all-round part*. All the rest also go from sato to tamo, they become *old* and then they become *new* from *old*. Similarly, Christ first came *new*, and then he went away *old*, and then he will again come *new* at his own

*time*. These matters have to be understood. Very good yoga is needed for this. You also have to be fully *surrendered*; only then can you claim a right to an inheritance. When you are *surrendered*, Baba will be able to give you *directions*: Do this and that. For some who are *surrendered*, Baba tells them to stay with their family, so that they can know about their intellect. Demonstrate by taking knowledge whilst living at home; demonstrate this by *passing*. You mustn't get involved with the household. It is good to remain celibate. Baba asks about each one's accounts. You have taken sustenance from Mama and Baba and so you also have to settle that debt and then you will receive power. Otherwise, the Father would say: I made so much effort and gave you sustenance and you then left Me. Each one's pulse has to be felt, for only then can *directions* be given. For instance, if this one makes a mistake, the Father would free him from that mistake and put it right. This one also continues to follow shrimat at every step. Whenever there is a loss, it is understood that that is in the drama. Then that should not happen again in the future. Any mistakes would make your conscience bite. If you have made any mistakes, then in return for that you have to occupy yourself in *service* a great deal. You have to make a lot of effort. To create someone's life is effort. Baba says: I love the gyani and yogi children the most. If you stay in yoga whilst preparing food and serving it, there can be a lot of progress. This is Shiv Baba's bhandara. So Shiv Baba's children would definitely be योग्युक्त. Gradually your stage will become elevated. It definitely takes *time*. Everyone's karmic bondages are their own. There is no burden on kumaris. Yes, there is a burden on kumars. When sons have grown up they become a burden to their mother and father. The father explained to you so much, he sustained you so much and so you have to look after them. You have to settle the account so that their heart becomes happy too. Worthy children place everything in front of their father when they return from their travels. You have to settle the debt, do you not? These matters have to be understood. Only those who are to claim a high status will continue to leap like a lion. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Prepare food while staying in yoga. Eat and feed others while staying in yoga.
2. Churn very well the things Baba has explained to you, remain योग्युक्त and explain them to others.

**Blessing:** May you be full of all attainments and experience the Lord to be present when you say "Yes, my Lord", according to shrimat. Those who say, "Yes, my Lord! Yes, my Lord!" in every situation according to shrimat find the Father to be present in front of them. When the Lord is present, nothing is lacking and you will be constantly full. Then the star of fortune of the attainment of the Bestower and the Bestower of Fortune will begin to sparkle on your forehead.

**Slogan:** When you have a right to God's inheritance there cannot be any dependency.
