

**Essence:** Sweet children, do not delay in performing an auspicious task. Save your brothers and sisters from stumbling. Buzz knowledge to them and make them equal to yourselves.

**Question:** By which aspect becoming meaningless has Bharat become like a shell?

**Answer:** The biggest loss of meaning is that people have forgotten the Lord of the Gita and called the child who takes birth through the knowledge of the Gita, the Lord. Because of this misunderstanding everyone has turned away from the Father. Bharat has become like a shell. You children are now listening to the true Gita personally from the Father and it is with the knowledge of this Gita that the deity religion is being established. You become equal to Shri Krishna.

**Song:** Who created this play and hid Himself away?

Om shanti. The children who are the decoration of the Brahmin clan have understood that they truly had limitless happiness in heaven. We were very happy. We living beings were very intoxicated in heaven. What happened then? Colourful Maya came and clung to us. It is because of the vices that this is called hell. This whole world is hell. The example of the buzzing moth is given. The work of the buzzing moth (bramari) and Brahmin teachers is the same. The example of the buzzing moth is based upon you. The buzzing moth takes the insects, makes a home and puts the insects in that. This too is hell. All are like insects. However, not all insects belong to the deity clan. Whatever religion they belong to, they are all insects who are residents of hell. Who are the insects of the deity religion? How can you tell that these are the Brahmins of the clan of Brahma who sit and buzz knowledge? Only those who belong to the deity religion will be able to stay here. Those who don't belong to this clan will not be able to stay here. All are insects, residents of hell. Even sannyasis say that this happiness of hell is like the droppings of a crow. They don't know that there is limitless happiness in heaven. Here, there is 5% happiness and 95% sorrow. Therefore, this would not be called heaven. There is no question of sorrow in heaven. Here, there are innumerable scriptures, innumerable religions and innumerable directions. In heaven, there is the one undivided direction of the deities. There is just the one religion there. You are Brahmins. You buzz knowledge and then those who belong to this religion will stay here. There are many types. Some believe in *nature*, some believe in *science*, and some say that this world is just imagination. Such conversations only take place here, not in the golden age. The unlimited Father sits here and says to His children through the lotus mouth of Prajapita Brahma: You were with Me and you now have to come back to Me. The question of scriptures doesn't arise in this. When Christ and Buddha come, they too relate something. There is no question of their scripture at that time. Did Christ study the Bible? The question of the Bible doesn't arise at that time. The Father says: Children, look at your condition. Look at the condition Maya, Ravan, has made you into! You understand that you are the devilish community of Ravan. They burn an effigy of Ravan, but he doesn't burn. When will the burning of Ravan end? People don't know this. You are the Godly deity community. You are My children. I have come once again to teach you children Raja Yoga. There are innumerable religions. It takes so much effort to remove them from those. Where did the Gita come from? Where did the signs of the original eternal deity religion come from, which the rishis and munis sat and created, and of which you have been hearing even now? Who sung the Vedas? Who is the Father of the Vedas? The Father says: I am the God of the Gita. Shiv Baba created the Mother Gita and Krishna took birth through that. Radhe etc. are all included with him. First of all there are Brahmins. You children have the faith that this One is our *most beloved* Father to whom everyone says: *Oh God, the Father!* Have mercy! Devotees call out: How can we be liberated from sorrow? If God is omnipresent, there is no need to call out. The main aspect is that of the Gita. People create so many sacrificial fires etc. You should now have such leaflets printed. Everything is so meaningless now. Wherever you look, they continue to write the Gita. They don't know at all who created the Gita, who sung it, when it was sung or who made it. They don't even have the accurate introduction of Shri Krishna. They simply say: Wherever I look, I only see the omnipresent Shri Krishna everywhere. Devotees of Radhe would say that they only see omnipresent Radhe, Radhe is everywhere. If they were to say this of just the one incorporeal Supreme Soul, that would be OK. Why do they say that all are omnipresent? They even say that Ganesh is omnipresent. In just the one city of Mathura, someone would say that Krishna is omnipresent and someone else would say

that Radhe is omnipresent. There is so much confusion. No two opinions are the same. In the one home, the guru of the father would be different from the guru of the child. In fact, gurus are adopted in the age of retirement. The Father says: I too have come in this one's stage of retirement. In the world, the greater the guru, the more intoxication he has. Adi Dev has also been given the name Mahavir. They even call Hanuman Mahavir. You Shaktis are mahavirs. In the Dilwala Temple, the Shaktis are shown riding a lion and the Pandavas are shown riding an elephant. The temple is full of meaning. It is your identical memorial. You would not be in existence at that time for your picture to be used. The temples were created in the copper age, and so where could your pictures have come from? You do *service* at this time. All of those things refer to the present time. They created the scriptures later. If we were not to mention the name of the Gita, they would say: We don't know which new religion this is. This requires so much effort. Those people simply establish a religion in this world. The Father is preparing you for the new world. The Father says: No one else can carry out the task that I do. I have to make all the impure ones pure. I now have to give a *warning* to you children. Everything in Bharat is without meaning and this is why Bharat has become like a shell. The Father gave birth to Krishna through the mother Gita, whereas those people have made Krishna the Lord of the Gita. The Lord of the Gita is, in fact, Shiva. He gave birth to Krishna through the Gita. All of you are Sanjays and the One giving you this knowledge is Shiv Baba. Who is the Creator of the ancient deity religion? Wisdom is required to write all of these things. We are taking birth through the Gita. Mama will become Radhe and this one will become Krishna. These are incognito matters. No one can understand the birth of Brahmins. The matter is between Krishna and the Supreme Soul. Brahma, Krishna and Shiv Baba: these are all deep things. Very wise people are needed to understand these things. The intellect of those who have full yoga will continue to become like a philosopher's stone. This cannot stay in a wandering intellect. Baba is showing you children elevated *knowledge*. Students also use their intellect. So now sit and write this. One mustn't delay in carrying out an auspicious task. We children of the Ocean should save our brothers and sisters. The poor ones are continually stumbling. They would say: Since the *BKs* proclaim so loudly, there must be something in it. Have hundreds of thousands of leaflets printed and distribute them at the Gita pathshalas. Bharat is the imperishable land and the most elevated pilgrimage place. People have lost the pilgrimage place of the Father who grants salvation to all, and so His name has to be glorified again. Only Shiva is worthy to be offered flowers. All the rest are wasted. There are many Gita pathshalas. You can change your costume and go there. Then let them think that you must be a *BK*. No one else could ask such questions. Achcha, you understand that Shiv Baba sits in the body of Brahma and explains all of these things. The Baba who makes you into masters of heaven has now come here. Until you become Brahmins, you cannot become deities. The Brahmin clan is even more elevated than the deity clan. All souls are becoming pure. You will then take rebirth in the new world. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

### **Night class: 12/01/69**

You children are sitting in remembrance of the one Father. To stay in remembrance of the One is called unadulterated remembrance. If, whilst sitting here, you remember anyone else, that is called adulterated remembrance. To eat, drink and stay at home with someone whilst remembering someone else is cheating. Devotion too is unadulterated whilst you are worshipping Shiv Baba alone, and then to remember others is adulterated devotion. You children have now received knowledge. The one Father performs such wonders. He makes us into the masters of the world. So we should remember that One alone. Mine is One alone. However, children say that they forget to remember Shiv Baba. Wonderful! On the path of devotion, you used to say that you would worship only One. He alone is the Purifier. No one else can be called the Purifier. Only the One is called this. He alone is the Highest on High. There is now no question of devotion. Children have knowledge. You have to remember the Ocean of Knowledge. On the path of devotion they say: When You come, we will remember You alone. Therefore, you should remember those things. Each one of you should ask yourself: Am I remembering the one Father or am I remembering many friends and relatives? You have to attach your heart to the one Father. If your heart goes towards anyone

else, it becomes adulterated remembrance. The Father says: Constantly remember Me alone. Then you will have deity relatives there. In the new world, you will have all new relations. Therefore, you have to check: Who am I remembering? The Father says: Remember Me, the parlokik Father. I alone am the Purifier. Try to remove your intellect's yoga from everyone else and remember the Father. The more you remember Him, the more your sins will be cut away. It isn't that however much I remember Baba, He will remember me to the same extent. The Father doesn't have to cut away any sins! You are now sitting here in order to become pure. Shiv Baba is also here. He doesn't have a body of His own; He has taken this one on *loan*. You have promised the Father: Baba, when You come, we will belong to You and become the masters of the new world. Continue to ask your heart. You know that the *link* of your intellect's yoga repeatedly breaks from the Father. The Father knows that the *link* will be broken and that you will then remember Him and then the link will break again. Children make effort numberwise. If you stay in remembrance very well you can come in this *dynasty*. Continue to check yourself. Keep a *diary*. Where did my intellect's yoga go throughout the day? Then the Father will explain to you. The mind and intellect of the soul run everywhere. The Father says: When they run everywhere, there is loss experienced. There is much benefit in remembering Me. There is only loss in everything else. You have to remember the one main One. You have to be cautious with yourself. There is benefit at every step, there is loss at every step. For 84 births, you remembered bodily beings and experienced nothing but loss. Day by day, 5000 years have gone by and there has been loss all the time. Now stay in remembrance of the Father and experience profit. You have to churn the ocean of knowledge in this way and extract the jewels of knowledge. Stay in remembrance of the Father with concentration. Some children are worried about earning shells. Maya makes them think of their business etc. Wealthy ones have many thoughts. What can Baba do? Baba had such a good business. He didn't need to stumble around. When a businessman came, Baba would ask him: Are you a businessman or an agent? Whilst doing your business, you have to connect your intellect's yoga to the Father. The iron age is now ending and the golden age is coming. Impure ones will not go to the golden age. The more you remember Baba, the purer you will become. Through *purity*, there can be good dharna. Impure ones can neither stay in remembrance nor can they have dharna. According to their fortune some find time and make effort, whereas others don't have any time at all. They don't remember Baba at all. However much effort they made in the previous cycle, that is what they will do now. Each one has to make effort for the self. In earlier days, when there was a loss in business, they would say: It is the will of God. Now you say: It is the *drama*. Whatever happened in the previous cycle will happen again. It isn't that you have four hours of remembrance now, and so in the next cycle you will have more remembrance; no. You are given the teaching: If you make effort now, you will make good effort every cycle. Therefore, check where your intellect goes. In wrestling, they have to be very careful. Achcha.

Spiritual BapDada say love, remembrance and good night to the spiritual children.

#### Essence for dharna:

1. In order to become wise, make your intellect like a philosopher's stone with remembrance. Don't allow your intellect to wander here and there. Only think about the things that the Father tells you.
2. Become a buzzing moth and do the service of making iron-aged insects into deities. Do not delay in carrying out an auspicious task. Save your brothers and sisters.

**Blessing:** May you always be a contented soul and renounce the consciousness of "mine" and serve as a *trustee*.

Whilst living with your lokik family and doing service, always remember: I am a *trustee*, a server. When there isn't the slightest consciousness of "mine" whilst doing service, you will remain content. When there is the consciousness of "mine", you become distressed. You then think: My child does this... So, when there is the consciousness of "mine", you become distressed and when you have the consciousness of "Yours", you being to swim. To say "Yours" means to stay in your self-respect. To say "mine" means to have arrogance.

**Slogan:** Let there be the Father and His shrimat in your intellect at all times for only then can it be said that you are a soul who has surrendered with your heart. \* \* \* O M S H A N T I \* \* \*
