

Essence: Sweet children, in order to become pure, it is essential to have the pilgrimage of remembrance. This is the main *subject*. Through the power of yoga you can become serviceable and virtuous.

Question: How is the yoga that you children study the most unique yoga of all?

Answer: Until today, all the yogas that people have been studying and teaching one another have been yogas that connect human beings with human beings. However, we are now having yoga with the Incorporeal One. When incorporeal souls remember the incorporeal Father, that is most unique of all. When people in the world remember God, they do that without having His introduction. To remember anyone without knowing his *occupation* is devotion. Knowledgeable children have remembrance whilst having His introduction.

Om shanti. The spiritual Father sits here and explains to you children. You children have first of all received the Father's introduction. When a baby is born, he first receives the introduction of his parents. Amongst you too, you have received the introduction of the Father, the Creator, numberwise. You children know that only the Father is the Highest on High, so you also have to tell others His praise. You sing the praise: Salutations to Shiva. To say "Salutations to Brahma and salutations to Vishnu" doesn't seem right. It seems right to say, "Salutations to Shiva". It seems right to say: Salutations to the deity Brahma, salutations to the deity Vishnu. They have to be called deities. God is the Highest on High. When someone comes, first of all definitely tell him the Father's praise. He is the Supreme Father. Children forget how to relate the Father's praise. First of all explain that He is the *Supreme* Father, the *Teacher* and also the Satguru. All three have to be remembered. In fact, you have to remember Shiv Baba alone in all three forms. You have to make this firm. You know the Father's praise and this is why you praise Him. They have said that the highest-on-high Father is in the pebbles and stones. They also say that He is in a human form. However, He cannot always stay in a human body. He simply takes that on *loan*. He Himself says: I take the support of this one's body. So, make the first thing firm, that the Father is the Truth. He alone tells you the story of the true Narayan. Only the true Father changes you from an ordinary man into Narayan. In the golden age, there was the kingdom of Lakshmi and Narayan. It is only now that you understand how they became that, who made them that, when the story was told and when Raja Yoga was taught. All other types of yoga are of human beings with human beings. They don't have any type of yoga in which human beings have yoga with the Incorporeal One, and also know His introduction. Nowadays, although people do have yoga with Shiva and they also worship Him, no one knows Him. They don't even understand that Prajapita Brahma would definitely be in the corporeal world. They are confused. They think that Prajapita Brahma should first of all be in the golden age. If Prajapita Brahma exists in the golden age, then why have they shown him in the subtle region? They don't understand the meaning of that. This corporeal one is in the bondage of karma whereas that subtle being is karmateet. No one has this knowledge. Only the one Father gives you knowledge. When He comes and gives you knowledge, it is then that you can give it to others. It is very easy to give others the Father's introduction. You just have to explain Alpha. That One is the unlimited Father of all souls. It is not difficult to give anyone His introduction. It is very easy. However, if you don't have that faith or practice, you are unable to explain to others. If you don't give knowledge to anyone, it means that you don't have knowledge yourself. If there isn't gyan, then that is devotion. There is body consciousness. Only those who are soul conscious would have knowledge. I am a soul, and my Father, the Supreme Father, the Supreme Soul, is also the Father, Teacher and Satguru. There is also Prajapita Brahma. The Father has told you the *occupation* of Prajapita Brahma and also of Himself. People have mixed up Shiva and Shankar and said that both are one. They say that destruction took place when Shankar opened his eye. Destruction will take place through *bombs* and *natural calamities*. They say: Shiva, Shankar, Mahadev! Those pictures are not accurate. All of those pictures belong to the path of devotion. There isn't anything like that there. Prajapita Brahma is also a bodily being. He has so many children. So, all of those pictures are for worshipping. The Father has explained to you: This one (Brahma) is corporeal (vyakt) and that one is subtle (avyakt). When he becomes avyakt, he becomes an angel. There are definitely both places: the incorporeal world and the subtle region. You also go to the subtle region. The Father has explained that Prajapita Brahma who is a human being then becomes an angel. Then, he was

also shown the kingdom. He will rule there. It would be difficult to explain without the pictures of the subtle region. In fact, the four-armed image of Vishnu doesn't really exist. That is a picture of the path of devotion. The Father explains that it is the soul that has to become pure from impure. Souls will become pure and go back to their land. Souls reside in the incorporeal world and become corporeal here. However, there isn't an important story told in the subtle region. Only at this time does the Father explain to you the secrets of the subtle region. So, there is the incorporeal world, the subtle region and then the corporeal world. Therefore, first of all, give everyone the Father's introduction. On the path of devotion people call out to Baba "Oh God!, oh Prabhu!" but they don't know Him. It is always said: Salutations to the Supreme Soul Shiva. It is never said: Deity Shiva. It is said: Deity Brahma. Shiva is only called the Supreme Father, the Supreme Soul. It is never said: Deity Shiva. It is always said: Supreme Soul Shiva. He cannot be called omnipresent. He has to carry out the task of making the impure ones pure. Therefore, could He do that by entering the pebbles and stones? That is called extreme darkness. This too is fixed in the drama. The Father comes and explains whenever there is extreme unrightousness. Defamation of what? Those people simply recite the verses and then relate their meaning. You children should go to them and see them do that. You should tell them: We will explain to you the meaning of this. Then, straight away give them this knowledge. They would not realise that you are BKs. Although you dress in white, you don't have a stamp on you. You can go and listen to them anywhere and ask them to tell you the meaning of what they say. Then, see what they tell you. All of these pictures are for understanding the *details*. There is a lot of knowledge. Even if you were to make the ocean into ink, there would be no end to knowledge. Then, you are also told about it taking just a *second*. You just have to give the Father's introduction. That same unlimited Father is the Creator of heaven. All of us, His children, are *brothers*. So, we too should definitely have the kingdom of heaven. However, not everyone can receive that. The Father only comes in Bharat and it is only the people of Bharat who become residents of heaven. Others come later. This is very easy, but they don't understand. Baba is amazed. One day, even those who sing that they are without virtues, or, who belong to that organisation, will also come and listen. Those who come at the end will become more clever. Anyone can go and serve them too. Many of you are too embarrassed. There is a lot of body consciousness. Baba says: You also have to explain to the prostitutes. They are the ones who have degraded the name of Bharat. The main thing needed here is the power of yoga. Everyone is completely impure and so the pilgrimage of remembrance is needed to become pure. That power of remembrance is slightly lacking at present. Some have knowledge, but they lack remembrance. This is a *difficult subject*. Only when you *pass* in this can you uplift those without virtues. The good experienced mothers can go and explain to them. Kumaris don't have that experience. Mothers can explain to them. The Father says: Become pure and you will become the masters of the world. The world itself will become Shivalaya. The golden age is called Shivalaya. There is plenty of happiness there. You can also tell them: The Father says: Now make a promise to remain pure. The sword to make such impure ones pure has to be very sharp. Perhaps there is still time for this. It is numberwise in your explaining. Baba knows, out of those living at the centres, that not all are the same. There is the difference of day and night amongst those who go out on service. So, first of all, when you explain to anyone, first give them the Father's introduction. Praise the Father. No one except the Father can have all these virtues. He alone makes you virtuous. The Father Himself establishes the golden age. This is now the confluence age when you are becoming the most elevated. He sits here and tells you souls: Explain that the body belongs to the soul. To whatever extent someone understands, this becomes visible on his face. The face of those who are *moody* changes completely. When you sit here considering yourself to be a soul, your face will remain good. This also has to be practised. Those who live at home with the family are not able to take this leap as much because they have their mundane business to do. Only when they practise this fully whilst walking, sitting and moving around can they become firm. Only through having remembrance you become pure. To the extent that you souls stay in yoga, accordingly you become pure. In the golden age, you were satopradhan and so you were very happy. You are now laughing and enjoying yourself at the confluence age. Therefore, now that you have found the unlimited Father, what more do you want? You have to surrender yourself to the Father.

Scarcely any wealthy ones emerge. Only poor ones receive this. The drama is created in this way. Gradually, there will continue to be expansion. A handful out of multimillions become beads of the rosary of victory. However, the subjects have to be created numberwise. So many will be created. There will be all types: wealthy and poor. A whole kingdom is being established. All the rest will go back to their own *sections*. So, the Father explains: Children, you also have to imbibe divine virtues. Your food and drink also have to be good. You should never want to eat something in particular. These desires arise here. Baba has seen many ashrams of those who are in the stage of retirement. They live there very peacefully. Here, the Father explains all of these unlimited things. Prostitutes and those without virtues will come and become even more clever than you. They will sing such *first-class* songs that your mercury of happiness will rise. Only when you explain to those who have fallen so far down and make them elevated will your name be glorified. They will say: You also make the prostitutes so elevated. They themselves would say: We were shudras, we have now become Brahmins and then we will become deities and then warriors. Baba can understand about everyone as to whether they will be able to progress or not. Those who come at the end can go ahead of them. As you progress further, you will see everything. You are seeing it even now. New children have so much enthusiasm for *service*. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Do the service of making impure ones pure. Give knowledge to the singers and prostitutes and uplift those who have fallen. Only when you uplift them will your name be glorified.
2. In order to make your vision pure, practise whilst walking and moving around, practise "I am a soul, I am speaking to a soul." Stay in remembrance of the Father and you will become pure.

Blessing: May you be a fortunate soul and enable everyone to attain the key of "Baba", the key to all treasures.

Even if you are unable to know the expansion of knowledge or are unable to relate knowledge, when you accept the one word "Baba", in your heart and say it to others from your heart, you become a special soul. In front of the world, you become a great soul, worthy to be remembered, because the one word "Baba" is the key to all treasures and fortune. The way to use the key is to know Baba and accept Him in your heart. Say Baba from your heart and all the treasures are always present in front of you.

Slogan: You love BapDada and so, out of love for Baba, sacrifice the old world.
