

Essence: Sweet children, churn the ocean of knowledge and find *topics* you can lecture on. The *topic* of the lectures everywhere should be the same. This will become the basis of *unity* amongst you.

Question: What effort should you children continue to make so that you become those who *pass with honours*?

Answer: You must make the effort to go beyond all karmic bondages. Consider everyone you speak to, to be a soul, your brother. When you listen to the Father, look at the Father in the centre of his forehead. By maintaining this brotherly vision for everyone, the love and relationship of brotherhood will become firm. This does take effort, but it is this effort that enables you to *pass with honours*. Those who are going to claim a high status will definitely make effort to accomplish this.

Om shanti. Sweetest children, it has been explained to you that this is the land of death and in contrast to this there is the land of immortality. On the path of devotion it has been shown that Shankar told Parvati the story of immortality. You are now going to that land of immortality. It is not Shankar who tells this story. It is the Ocean of Knowledge, the one Father, who tells this story. Shankar is not the Ocean of Knowledge that he would tell you this story. You children have to explain how to conquer death. It is this knowledge that makes you immortal and eternal and also increases your life-span. There, there is no death. It is by conquering the five vices here, that is, by conquering Ravan that you become the masters of the kingdom of Rama, that is, of the land of immortality. The kingdom of Ravan is the land of death, and the kingdom of Rama is the land of immortality. Death can never come to the deities. There are no demons of death there. The *topic* "How human beings can conquer death" is very good. All of these aspects are knowledge. Bharat was the land of immortality where people had a long life-span. The example of the snake applies to the golden age; it sheds its skin and naturally has another. This is called unlimited disinterest. You know that the whole world is going to be destroyed, and that you will have to shed your old body. Your present old skin is the last one of your 84 births. This does not happen in the land of immortality. There, they are aware that when their old body has reached a state of decay, they must shed it and take a new one. You also have insight. Understanding is also called insight. Your new skin is ready for you and you now have to shed your old one. This is how it will happen there. That world is called the land of immortality where there is no death. You will leave your body at the right moment. The example of the tortoise also applies here; it does its work and then becomes introverted. The examples here have been *copied* by those on the path of devotion, but only in name; they do not understand anything. You now understand that all the festivals they continue to celebrate on the path of devotion such as Raksha Bandhan, Dashera, Diwali and Holi apply to this time. They do not exist in the golden age. Make a list of all the *topics* such as how humans can conquer death and how all souls leave the land of death and go to the land of immortality. You have to write down all of these *points* before explaining them just as they write the *story* of a play and say: Today is such and such a play. You should also have a list of *points* so that the explanation on such and such a point will be given: How you can leave the kingdom of Ravan and go to the kingdom of deities. The explanation is the same, but when people listen to the different *topics*, they will understand how they can claim their unlimited inheritance from the unlimited Father and experience a great deal of happiness. It was written in the newspaper that the sannyasis are celebrating the 125th sacrificial fire and, beneath that, there was a list of the *topics* to be discussed. Here, the Father says: I only create this sacrificial fire once into which the whole world is totally sacrificed. They create many sacrificial fires and have many huge processions etc. You understand that Rudra Shiv Baba creates just this one sacrificial fire here and that the whole of the old world is to be totally sacrificed into it. Through this sacrificial fire of knowledge the new world is created and you become deities. The Father explains all of this to you. The Father, the Creator, comes and gives you the knowledge of Himself and also the knowledge of the beginning, middle and end of creation. He also teaches you Raja Yoga. There are pure deities in the golden age. They also rule the kingdom. It is called the original eternal deity religion. You can also have this topic: How the original eternal deity religion of the golden age is being established. Come and understand how peace is being created throughout the world. No one, but the Supreme Father, the Supreme Soul, can really advise you

how to create peace. *Prizes* are given to people who give ideas. There is also the *topic*: Who can give the *prize* for establishing peace in the world and how can it be accomplished? Churn the ocean of knowledge and make a list of different *topics*. Make such arrangements that the same *topic* is taken up everywhere. Then a *connection* will be set up between you all. Make a *list* and let everyone know in advance. Then that news should be sent to Delhi so that everyone will know that the same lecture is going to be given everywhere. This is called *unity*. Throughout the world there is *disunity*, but the praise of the kingdom of Rama is that of the lion and the lamb drinking water together from the same pool. If there is such a story given to the silver age, what must it have been like in the golden age? There are many different stories written in the scriptures. You now listen to just the one story told to you by the Father. They continue make up countless stories in the world. None of the scriptures etc. that have been created from the beginning of the copper age to the end of the iron age exist there. Everything of the path of devotion ends. Whatever you see here is *evil*. Therefore, see but don't see and hear but don't hear. Only keep in your intellect the things that the Father explains to you. We Brahmins of the confluence age are so elevated. We are even more elevated than the deities. At this time, we are the children of God. Our number is gradually continuing to grow. Even such easy aspects do not sit in anyone's intellect. You are the children of God, and so you definitely have to become the masters of heaven, because it is the Father who creates heaven. Because the duration of the cycle has been given hundreds of thousands of years, they are not able to remember anything. The Father comes and reminds you. This is a matter of 5000 years. You were deities. He is now making you that again. By listening personally you experience a lot of happiness and become *refreshed*. It is the wise and sensible children whose intellect is aware that they must claim their inheritance from the Father. The Father creates the new world and we definitely have to be in that new world. All are the children of the one Father. Everyone's religion is different and everyone's place of residence is also different. Each one comes and goes in a different way. How they go and reside in the supreme region is also in the intellect. There is the genealogical tree in the supreme region. The genealogical tree cannot be seen in the subtle region. Whatever scenes are seen in the subtle region are just visions. All of that is fixed in the *drama*. When you go to the subtle region, you see everything as though it is a silent *movie*. At first, the films they made were silent, then they began to make them with sound. You cannot make a drama with just *silence*. Children, you understand how you live in *silence*. Just as there is the genealogical tree of souls there, here too, there is the tree of human beings. Keep all of these things in your intellect and give lectures on them. It takes *time* to learn all of these things. Even if you do understand everything, you still have to remain on the pilgrimage of remembrance, through which you can imbibe it and experience happiness. You are now studying how to have accurate yoga. Children, it has been explained to you that you must regard everyone as your brother. The forehead is the throne of the soul. This is why "The Lucky Chariot" has been remembered. When you explain these things to others, remain aware that you are explaining to your brothers. It takes great effort to maintain this outlook. It is by making this effort that you receive a high status. The Father also sees you in this way. The Father's vision is also drawn to the centre of the forehead. The soul is just a tiny dot. It is the soul that listens. You also look at the Father in the centre of the forehead. The Father is here and the brother (Brahma's soul) is also here. By keeping such things in your intellect, you children of the Ocean of Knowledge also become oceans of knowledge. It is very easy for you to do this. It is a little difficult for those who live at home with their family to maintain this stage. They go home after listening and the atmosphere at their home is different. Here, it is easy. Baba tells you a very easy method: Consider yourself to be a soul and remember the Father. Consider others to be your brothers. It is through this brotherly vision that you can go beyond all karmic bondages. You will be able to forget the body and just remember the Father. If you continue to make this effort, you will *pass* with *honours*. However, only a few are able to maintain this stage, and it is they who become the masters of the world. There is also the rosary of eight, and so you have to make effort. Those who are to claim a high status will definitely make this effort, no matter what happens. There is no need to go into other things. Love and relationship is formed through brotherly vision and that vision becomes firm. Therefore the Father says: I explain many deep things to you. It takes effort to put them all into practice.

As you sit here, consider yourself to be a soul. It is the soul that listens. You are looking at a soul who is listening. Those people say that souls are immune to the effect of action. Is the body listening? That is *wrong*. The Father tells you such deep things. It is you children who have to make effort. Those who became something in the previous cycle will make effort again. They also relate their own experience: I speak and listen in this way and have developed this habit. It is the soul that is told “Manmanabhav”. Each of you is told “Manmanabhav”, that is, “Remember Baba.” This effort is incognito. Students go and sit under a tree to study, but that is a physical thing. By *practising* all of this now, the habit will grow day by day. You are listening to new things. Whatever you hear now, new ones will also come and hear them. Some say that they have come late. However, you in fact hear very *first-class*, deep and subtle things and by making effort you claim a very high status. It is good. Maya is not going to leave you until the very end. Your war with Maya will continue until you gain victory. Then you will suddenly depart. Depending on how much remembrance you have, you will become aware that you are going to the Father, and then leave your body. Baba has seen that when those who have the aim to merge into the brahm element leave their bodies, total silence spreads all around. Nevertheless, no one is able to attain eternal liberation, nor is anyone able to return home yet. All the *actors* are needed in this drama. All of them have to be down here at the end. When not a single soul remains up there, everyone has to return home. However many human beings there are, they will all have to return home; there will just be a few who remain here. They will say: We will *see* everyone *off*. The golden age is now being established. There are so many billions of human beings, and so we will *see* everyone *off*, and you will go into your own kingdom. Others would perhaps *see off* forty to fifty people but how many souls will you *see off*? All souls will return like a swarm of insects to the land of peace. I have come here to take you and everyone else back home and I will then send you back down. These are *wonderful* things. Billions of human beings will be going home. You will *see* them all *off*. Everyone will return home to the supreme region. Your intellect now has to work on all of these matters. The tree will gradually start to grow large again. Your intellect understands how the rosary of Runda (Vishnu) will become the rosary of Rudra. Amongst you though, it is only those who have a deep and subtle intellect who are able to understand all these subtle things. The Father explains these things to you in various ways so that you are able to remember them. From the rosary of Rudra, you will come into the rosary of Runda. You will come numberwise. The rosary of Rudra is so huge! No one else understands this knowledge. Since the very beginning, no one else has been able to know this knowledge. Only you Brahmins of the confluence age are able to understand it all. Just remember the confluence age and all the knowledge will enter your intellect. You *lighthouses* are those who show everyone their destination. You become such good *lighthouses*. There are no aspects that do not apply to you. You are surgeons, pawn-brokers and laundry-men. All of these specialities are within you, and so all of this praise applies to you, but numberwise, according to the effort you make. The praise you receive is according to the task you perform. Think about the *directions* the Father gives you. Children, to hold a *seminar* is your task. Baba won't stop you from doing anything. Achcha. What benefit is there in explaining so much? The Father says: Manmanabhav! Baba feeds you such nourishing food. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Always maintain the intoxication that we Brahmins of the confluence age are even more elevated than the deities. At this time, we are God's children; we are master oceans of knowledge. It is at this time that we are being inculcated with all these specialities.
2. Only keep in your intellect the things that Baba explains. Whilst hearing anything else, don't hear it. While seeing anything else don't see it. Hear no evil! See no evil!

Morning Murli Om Shanti BapDada

Madhuban

Blessing: May you become completely successful by ending the web of weak thoughts and becoming those with a faithful intellect.

Even now the *majority* of children make weak thoughts *emerge*. They think: I don't know whether it will happen or not! What will happen? This will happen! These weak thoughts become a wall so that success is hidden behind that wall. Maya weaves a web of weak thoughts and you become trapped in that. Therefore, have the awareness: "I am one with a faithful intellect. Victory and success is my birthright," and all weak thoughts will end.

Slogan: When your third eye of the form of fire remains open, Maya becomes powerless.
