

**Essence:** Sweet children, become introverted and churn the ocean of knowledge and you will experience happiness and intoxication and you will become teachers, equal to the Father.

**Question:** On what basis can the internal happiness remain constant?

**Answer:** You remain constantly happy when you bring benefit to others and make everyone happy. Become merciful and you will remain happy. It remains in the intellect of those who become merciful: Oh, the Father of all souls is teaching us and making us pure. We are becoming the emperors of the world. They continue to donate such happiness.

**Om shanti.** The spiritual Father asks the spiritual children: Children, who said “Om shanti”? (Shiv Baba). Yes, Shiv Baba said it, because you children know that He is the Father of all souls. He says: I enter this chariot every cycle and teach you. So, He is the *Teacher* who teaches. When a *teacher* comes, he says: *Good morning*. And the children then respond: *Good morning*. You children know that the God is saying “*Good morning*” to souls. There are many who say “*Good morning*” in a worldly way. This is the unlimited Father who comes and teaches you. He explains to you children the secrets of the whole tree and the *drama*. You understand that the Father of all souls has come. Your intellect should have this faith throughout the whole day that the unlimited Father is teaching us. He is our Father, *Teacher* and Guru. He is also called the Creator. You have to understand that He does not create souls. He explains: I am the Seed. I speak the *knowledge* of the human world tree to you. Who else but the Seed could give this *knowledge*? You cannot say that He created the tree. He says: Children, this tree is eternal. Otherwise, I would have told you the dates of when and how it was created. However, this is the eternal creation. The Father is called the Ocean of Knowledge. “Janijananhar” means the One who knows the secrets of the tree from the beginning through the middle to the end. The Father is the Seed of this human world tree. He is the Ocean of Knowledge. He has the whole knowledge in Him. He comes and teaches the children. All human beings continue to ask: How can there be *peace*? You now say that it is the Ocean of Peace who creates *peace*. He is the Ocean of Peace and Happiness, and also the Ocean of Knowledge. Which knowledge? The knowledge of the beginning, the middle and the end of this world. Those people consider the scriptures to be knowledge. There are many who relate such scriptures. The unlimited Father Himself comes and gives His introduction and also gives you the *knowledge* of the beginning, the middle and the end of the world. You also understand that it is when He comes that *peace* is established. Peace exists in the land of *peace*. No one knows that everyone in the land of peace was in peace. People continue to ask how there can be *peace* in the world. There definitely was peace here. You need the peace of the kingdom of Rama. No one knows when the kingdom of Rama existed. The Father knows that there are innumerable souls and that He is the Father of them all. No one else can say this. All the souls that exist are present here at this time. At first, they were in the land of peace. Then, they went from the land of happiness to the land of sorrow. No one knows how this play of happiness and sorrow is created. They simply say that this is the play of coming and going. It is now in the intellect of you children that He is the Father of all souls. He is speaking *knowledge* to us. He comes and establishes the kingdom of heaven. He teaches us. He says: Children, you were deities. No one else would say this. The Father of all souls is teaching you. This is such a huge unlimited play, but they say that it lasts for hundreds of thousands of years. You say that the duration of this play is 5000 years. You have now come to know that there are two types of peace; one is that of the land of peace and the other, the peace of the land of happiness. It is in the intellect of you children that the Father of all souls is now teaching us. This is not mentioned in any of the scriptures. This is the unlimited Father whom the people of all religions call: Allah, *God* the *Father*, Prabhu etc. His teachings must surely be the highest. This should remain in you throughout the whole day. The Father says: I tell you new aspects in new ways. You then teach them to others. There is a great deal of respect for the deities on the path of devotion. In fact, this Brahma is the senior mother. That One (Shiva) is simply called the Father. This one is called the mother and Father. The Father *adopts* you through this mother and continues to say: Child, child. The Father says: I come every 5000 years to speak this *knowledge* to you. This cycle is also in your intellect. Every word you are listening to is new. This is the spiritual knowledge of the Father, the Ocean of Knowledge. The Spirit, the Father, is the Ocean of Knowledge. Souls say: Baba. You children should also imbibe all of these aspects very well in your intellect. When you become introverted and churn this ocean of knowledge, you will experience happiness and intoxication. Shiv Baba is the greatest *Teacher*. He also makes you into *teachers*. Amongst you, all are numberwise. Baba knows

which child is able to teach well. Everyone becomes happy. They say: Take us quickly to meet such a Baba who has made you like you are. Baba says: I come and enter this one at the end of the last of his many births to teach you. How many times would I have come in this Bharat every cycle? You become amazed on hearing those new aspects that the unlimited Father is teaching us. He has so many names on the path of devotion: He is called Supreme Soul, Rama, Prabhu and Allah. Just see, there is only one *Teacher* and yet He is remembered by so many names. The *Teacher* should only have one name. Can He have so many names? There are so many languages. Some use the word *God*, and some say Khuda. He Himself says: I have come to teach you children. After you have studied and become deities, destruction will take place. This world is now old, so who can make it new? The Father says: It is My part to make it new. I am also bound by the bondage of the *drama*. You children also know that there is so much expansion of the path of devotion. This too is a play. The path of devotion lasts for half a cycle. The Father has now come. He is the One who teaches us. He is the One who establishes peace. There was peace when it was the kingdom of Lakshmi and Narayan. Here, there is peacelessness. There are so many souls and only One Father. It is such a *wonderful* play. Baba, the Father of all souls, is teaching us. You should have so much happiness. You understand that we are the gopes and gopis, and that Baba is the Father of us gopes and gopis. It is not just the souls that are called gopes and gopis. It is when you souls are in your bodies that you are called gopes and gopis, that is, you are called brothers and sisters. Gopes and gopis are the children of Shiv Baba. The expression “gopes and gopis” is very sweet. There is a song of praise of the gopis and their Lord. This praise belongs to this time. However, because of not knowing who He is, they have mixed everyone up and created confusion. The Father sits here and explains the *history and geography* of the *world*. People only know of these lands. They don't know who ruled in the golden age or for how long it lasted. They don't know this because they have said that the duration of a cycle is hundreds of thousands of years. They are in total darkness. The Father now comes and gives you the *knowledge* of the world cycle. By knowing this you become the knowers of the three aspects of time; you become trinetri (those with 3 eyes). This is a study. The Father Himself says: I come every cycle at the confluence of every cycle to make you into the most elevated human beings. You become this numberwise. It is through a study that you attain a status. You understand that the unlimited Father is teaching you. People say that God has no name or form and that He is in the pebbles and stones. So many different things are said of Him. They have portrayed goddesses with so many arms. Ravan is portrayed with 10 heads. Children, it should enter your heart that the Father of all souls is teaching us, He is making us pure. Therefore, how much happiness should you have internally! However, this happiness will only emerge when you become merciful and bring benefit to everyone and make them happy. Oho! Baba is making us into the emperors of the world. Kings, queens and subjects, all will become masters of the world. There are no advisors there. There are no kings now, only advisors everywhere. It is now the rule of the people by the people. It should enter your intellect again and again what the unlimited Father is teaching you. Those who study very well will come first and attain a high status. How did Lakshmi and Narayan become so wealthy? What did they do? If people are wealthy on the path of devotion, it is understood that they must have performed some elevated actions. People give donations and perform charity in the name of God. They believe that, in return of that, they will receive a great deal. Therefore, they become wealthy in their next birth. However, they give *indirectly*, through which they receive something for a temporary period. The Father has now come to you *directly*. Everyone remembers Him: Come and purify us. They do not say: Come and give us knowledge and make us like Lakshmi and Narayan. The intellect of human beings remembers Krishna. Because of not knowing the Father, they have become so unhappy. The Father now makes you into those who belong to the divine community. You will first go to the land peace and then come to the land of happiness. The Father now explains everything very clearly. Although they listen, it is as though they don't hear. They do not change from having a stone intellect to having a pure intellect. You should stay in remembrance of Baba throughout the day. A wife has so much *love* for her husband that she would die for him. Here, all of you are children. However, you are all numberwise. You understand that you repeatedly forget such an unlimited Father. The Father says: By remembering Me, your sins will be absolved. However, you still forget. Oho! Why do you forget such a Father who makes you into the masters of the world? Storms of Maya will come, but you must still continue to make effort. Remember the Father and you will receive your inheritance. All of you become deities, residents of heaven. However, some will have to experience

punishment and then they too will become deities, but their status will also be low. All these aspects are new. It is only when you remember the Father and the *Teacher* that your attention can be drawn to these aspects. You even forget the *Teacher*. The Father says: This study will continue for as long as I am here, until the time of destruction and until everything has been sacrificed into this sacrificial fire. You would say that He has taught everything and so what else could He teach? Baba says: New *points* will continue to emerge. You become happy on listening to these. Therefore, study very well and *transfer* everything like Sudama did. This too is a huge business. Baba was very generous in his business. He used to donate one tenth of his income. Even though he might have made no profit, he would still feel that he had to donate first. They used to tell him: If others see you donating generously, everyone will be inspired to do the same and many can benefit. That was the path of devotion. Here, everything was given to the Father. Baba: Take everything! The Father says: I give you the kingdom of the whole world. Baba had a vision of destruction as well as a vision of the four-armed image. At that time I understood that I was to become the master of the world. Baba entered me and showed me the scenes of destruction. That's it! This world is about to finish. Why should I carry on doing business? Renounce this donkey-work! I am to receive the kingdom. The Father is now explaining that this old world is going to be destroyed. So much effort is made to awaken you from the sleep of Kumbhakarna, but you still do not awaken. Therefore, you children have to remember the one Father alone. If you have given everything to the Father, then surely it is the one Father whom you will remember. You children can stay in remembrance for a long time. This Baba has so much responsibility. Much news comes from those in bondage. Baba is concerned that the poor mothers are being beaten so much. Their husbands harass them a great deal. Although they understand that this is in the *drama*, what can they do about it? Innocent ones were assaulted in the previous cycle too. The new world has to be established. The Father says: I enter this one's body at the end of the last of his many births. So, surely, we were beautiful and have now become ugly. I will take the first *number*. I will go and become Krishna. When I see this picture, I think, I am going to become this. And so the Father explains to the children very clearly. It is now the task of you children to understand this and explain to others. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.
