

Essence: Sweet children, don't be attracted to anything. Become a complete *beggar* in relation to everything, including your body. Continue to remember the land of Shiva and the land of Vishnu.

Question: In which aspect does the Father, the Lord of the Poor, make the poor children, the same as Himself?

Answer: Baba says: Just as I am generous-hearted and I take everything worth straws and give you the sovereignty, in the same way, although you children are poor, you must become generous-hearted. Open a *Godly University* with just a little money. There is no expense in this. If even three or four people receive good fruit from that, it is great fortune to have opened it. Simply remain obedient. Never defame the Satguru under the influence of lust or anger.

Om shanti. BapDada and Mama. There are two mothers: Grandmother and mother. This one is your senior mother, but Jagadamba has become the instrument to look after the children. Shiv Baba is the One with many forms. He plays with and entertains you a great deal. There is a lot of celebration. When a couple become engaged they have a celebration, and before the wedding ceremony both wear torn clothes and have oil rubbed on them. That custom is taken from here. The Father explains to you children: Become complete *beggars*. If you don't have anything, you will receive everything. Nothing should remain, not even your body. Connect your intellect's yoga to only the land of Shiva and the land of Vishnu. Let there be no attraction to anything else. You also definitely have to become pure. Look how much Meera is praised! She was not concerned about the opinion of society. She became so famous because of this purity. She didn't even receive the nectar of knowledge. She just had love for Krishna. She renounced poison in order to go to the land of Krishna, just as a wife sacrifices herself on the funeral pyre of her husband. It wasn't that by remembering Krishna Meera went to the land of Krishna. The land of Krishna didn't exist at that time. Meera must have existed around five to seven hundred years ago. She was a very good devotee. This is why she must have taken birth to a good devotee. Her name continues to be remembered so much. That Meera was a devotee whereas all of you are becoming Meeras of knowledge. You have come here to become sun-dynasty and moon-dynasty empresses. Although those who are uneducated will at first have to bow down to those who are educated, they will still become empresses. If someone forgets her childhood and lets go of Baba's hand, she can never become an empress. Instead, lower status is claimed even among the subjects. She will go to Paradise, but will claim a lower status. Baba has explained: You should ask those who are doing devotion what they want. Why do they do devotion of Krishna? They must definitely want to go to his kingdom, but how can they go there? Many people say that they want peace. However, the whole world is peaceless. What would be achieved by just one of you receiving peace? We can make you constantly happy for 21 births. The deities were constantly happy in this Bharat. That kingdom is now being established. Here, it is the kingdom of Maya and there cannot be peace. The place of peace is separate from the place of happiness. In the land of happiness everyone is happy. Not a single person is unhappy. Then, in the land of sorrow not a single person is happy. As the king and queen, so the subjects; all are unhappy. In the land of happiness, even animals don't experience sorrow. The land of peace is separate; it is called the land of nirvana. They say that so-and-so went to the land of nirvana. However, no one has gone there. If someone went, what did he do before he went? Everyone is still unhappy. There is so much fighting and quarrelling. Some say: Hindus should be removed from our country. Some say: so-and-so should be removed from our country. They are unable to tolerate one another. Now, even the Father is seeing that there are innumerable religions, and so they continue to fight. This is why all bodily religions are to be removed. Baba says: I will remove all the bodily religions from those of all religions. In the golden age there is just the one deity religion. You children have all this knowledge in your intellect. You should take a picture with you and go and explain to those who are in the stage of retirement. You should go to temples. You should ask them: Shiva is shown in front of Shankar and so He must be higher than Shankar, must He not? If Shankar is God, then what is the need to keep a Shivalingam in front of him? Sannyasis call themselves those who have knowledge of the brahm element. They don't know anything about Shiva. The element is a place of residence. They don't believe that the brahm element and the great

element (soul world) are one. OK, if they have knowledge of the brahm element, why do they call themselves Shiva? (They chant the mantra "I am brahm, I am Shiva".) They believe that Shiva and the brahm element are one and the same. Brahm is a place of residence. People are very confused. You children now have to become very clever. You can even explain to sannyasis. Some of them who truly belong to the deity religion will also emerge. They will understand knowledge quickly. Those who were converted three or four births earlier will not emerge that quickly. Those who have been converted recently will emerge quickly. Baba has that attraction. The Father is the Magnet and souls are needles. The needles have now become rusty. How can a rusty needle go up above? Its wings are broken. Anything that is rusty is put in paraffin. Baba removes everyone's rust with the nectar of knowledge. Then we will become real gold. From lords of stone you are now becoming lords of divinity. Bharat was the land of divinity. Look how expensive gold has become nowadays. There, it will be very cheap. Bharat, that has now become the land of stone, will once again become the land of divinity. This cycle continues to turn around in our intellect. Only when you spin the cycle in your intellect throughout the day will you become kings and queens who rule the globe. No one in the world knows these things. You know that those who rule in the golden age take 84 births. Then, those who come in the silver age will definitely have fewer births. There is a vast difference between 84 births and 8.4 million births. Then, the duration of the cycle also has to be that long so that they could take that many births. All of those things are lies. Always first give them the picture. You must never ask for money. It is your duty to give to them. If they want to give you something, they will give it voluntarily. If they ask you the price of something, tell them: Baba is the Lord of the Poor. This is distributed *free* to those who are poor, but wealthy ones can give as much as they want so that we can print more. We don't use the money for our personal use. Whatever we receive is used to serve people. Only the wealthy would build pilgrim rest houses etc. Here, even the poor can open *centres*. There are no expenses in this. For instance, some ask: Should I open a *centre*? Should I open this *Godly University*? Then, if even three or four receive good fruit from this *Godly University*, it is great fortune for those who opened the centre. You have to be generous-hearted in this. Look how generous Baba is! He takes straws from you and gives you the sovereignty. Only worthy children can do Baba's *service*. What would unworthy ones do? The Father would not give an inheritance to those who are unworthy. You have to reveal the Satguru. If you become lustful or angry, it means you have defamed the Satguru. Then, you won't be able to claim a status. You have to be very cautious. Baba says: You have been receiving an inheritance of poison from your father and husband. Now, this parlokik Father and Husband is giving you an inheritance of nectar. You have to give knowledge to those of all religions. Also explain to those of Islam: You pray to God and so you are definitely His devotee. However, where is Khuda (God, the Friend)? Only Khuda can give you *knowledge* of the Creator and creation. He resides in the land of peace. By remembering Him, you can claim the inheritance of peace. By claiming your inheritance your sins will be absolved and you will go to God. This knowledge is for those of all religions. These things are completely new. Scriptures belong to the path of devotion. To wander from door to door, to feed Brahmin priests and to go on pilgrimages are all devotion. Here, your boat can go across with just this knowledge. There is no need to go anywhere else. Therefore, sweetest children, you are now going to heaven. Those who drink poison will definitely create obstacles because the people of the whole world are cheats. Look, there is no purity in Bharat and so people continue to stumble around. They have so many upheavals and continue to *strike*. They cause so many problems for the *Government*. The *Government* tells them clearly: Where can we get money to cover all these expenses? Then, people say: You all enjoy yourselves and continue to accumulate money. What crime have we committed? We need more pay. They hold *strikes* and business thereby comes to a standstill. All of this has to happen. Sometimes you won't be able to get vegetables, sometimes you won't be able to get milk. There will be conflict everywhere. After all these upheavals, there will be peace. Arjuna was given visions of destruction and the land of Vishnu. You too are now having those visions. Look, in some places, when they don't have rain they create sacrificial fires. In some places, they create a sacrificial fire for *peace* when there is a lot of upheaval there. However, only the one God is *peaceful*. Only when He comes can He donate peace. That One alone is the Bestower. Look how

beloved you children are! After many births you have come and met Baba at the end. So, now claim your full fortune! Children are called 'tolput' (as sweet as toli). Baba feeds you sweet toli. That is a physical sweet whereas this is a spiritual sweet that the spiritual Father gives. To remain soul conscious is a very high destination. This requires effort. Baba says: You have to remain soul conscious for eight hours. Then, you may work for your livelihood. Stay awake at night and you will be able to experience very good love. There is an income in that. O children, who are conquerors of sleep, remember Me, your Father, in every breath. Churn the ocean of knowledge. Your sins will be absolved to the extent that you stay in yoga, day and night. You will earn an income according to the extent that you churn the ocean of knowledge. However, there is a lot of *service* to do. If you ask Baba, Baba would say: Just sit there, continue to rest! There is no need to ask! Did Baba think about the opinion of society and people? He thought: I am receiving the sovereignty and so I should kick this aside. However, yes, each one has their own *part*. Each one's karmic bondages are individual. If you have money, you can use that money in a worthwhile way for *alokik service*. You children understand that there definitely are obstacles on this path of knowledge, because there is the question of purity. All of those who come to establish a religion definitely have to become pure. At this time, people are very dirty and impure. They create many obstacles. They even make false allegations. You mustn't be afraid of those things. No matter what happens, you mustn't become afraid. All of those allegations were also made 5000 years ago. There will be allegations made now too. They make up many false stories. When someone doesn't receive a good *response*, he creates upheaval. Gradually, even sannyasis etc. and those of all religions will come here. Everyone definitely has to take the Father's *knowledge*. All of these pictures will go everywhere in the world. Never become angry and debate with anyone. Even though someone defames you, you mustn't become angry. You children should become *refreshed* and do *service*. Day by day, the laws and regulations will continue to improve. The laws and regulations of the world will continue to become worse because the world is continuing to become tamopradhan. We are becoming satopradhan. Achcha.

You children are Raj Rishis. You would say that you are now doing tapasya in order to go into the stage of retirement. No human being would have the wisdom to give such a response. Those people don't even understand the stage of retirement, being beyond sound. You say that you are Raja Yogis and that you are doing tapasya in order to receive liberation-in-life. The One who is teaching you is the parlokik Supreme Father, the Supreme Soul, the Ocean of Knowledge. If mothers sit and explain in this way, everyone will be amazed. Tell them: The parlokik Supreme Father, the Supreme Soul, is teaching us in order to make us claim a high status in the future. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Even if someone defames you, you mustn't become angry. Never debate with anyone. *Refresh* yourself and then do *service*.
2. Become a conqueror of sleep. Stay awake at night and remember the Father and churn knowledge. *Practise* remaining soul conscious.

Blessing: May you be a true server and with thoughts of your good wishes fill every soul with enthusiasm. The good wishes of you children are that every soul should claim at least a drop of attainment from the Father, and, as the fruit of those good wishes, you receive power from those souls receiving an experience. The thoughts of good wishes have a lot of power which can transform the atmosphere everywhere. True servers are those who maintain enthusiasm, who serve with enthusiasm and who also fill other souls with enthusiasm by giving them the Father's introduction. Enthusiasm is such that adverse situations are nothing compared to it, so that, instead of attacking you, the situations surrender themselves to you.

Slogan: If you have unbroken love for BapDada, you will experience it to be very easy to observe the Godly disciplines.
