

Essence: Sweet children, only by following the elevated directions of Shri Shri, the most elevated One, will you become Shri Narayan from an ordinary man. There is victory through faith.

Question: What speciality should the *direct* creation of God definitely have?

Answer: That of remaining constantly cheerful. The jewels of knowledge should constantly emerge through the mouth of God's creation. Their behaviour has to be very *royal*. Their behaviour should not be such that it defames the Father's name. To cry, fight and quarrel and to eat impure food are not qualifications of God's children. If those who have called themselves the children of God cry or perform wrong actions, they lose the Father's honour. This is why you children have to be very, very cautious. Constantly have Godly intoxication and remain cheerful.

Om shanti. The Father has to see the faces of the children. There is no sage or holy man here; it is BapDada and the children here. This is called the family of God. God means the Supreme Father. His child is Brahma and then there are you Brahma Kumars and Kumaris. He is the *Father of the World*. In fact, everyone in the world has three *fathers*. First is the incorporeal Father, second is Prajapita Brahma and the third one is a physical father. However, no one knows this. They make images etc. but they don't know when He came. There is the image of Shiva and also the images of Brahma, Vishnu and Shankar but no one knows what *part* they play or why their names are remembered. Although they have studied a great deal and hundreds of thousands of people go to listen to their *lectures*, in front of you children it is as though they know nothing. Everyone has a completely degraded intellect. Baba comes and cleans your intellect. You know everything. The Father is the Highest on High. He is now creating a new creation. A new creation is needed for the new world. Gandhiji too used to say that there has to be a new world and a new kingdom. Only in Bharat is there the one kingdom of the golden age. There is the kingdom of just the sun-dynasty Lakshmi and Narayan. Then there is the moon-dynasty kingdom and so the sun-dynasty disappears. It is then called the moon dynasty kingdom. Yes, they know that Lakshmi and Narayan existed previously, but it would still be called the kingdom of Rama and Sita. Therefore, Brahma is not the *creator*. Only the one Father is the Creator. Shiv Baba, the Creator, comes and tells you how He is creating the new creation. I create you Brahmins through Brahma. Therefore, you surely have to receive an inheritance from the Father. If people were to understand even this tiny matter, it would be their great fortune for 21 births. They would never experience sorrow or even become widowed. None have this total intoxication in their intellect. It is very easy.

Song: I have come having awakened my fortune...

Om shanti. You have come to this pathshala. Whose pathshala? The pathshala of Shrimat Bhagawad. They have then named it the Gita. Shrimat is that of the most elevated Supreme Soul. He is giving His children elevated directions. Previously, you were following the devilish directions of Ravan. You are now receiving directions from God, the Father. I am not just your Father. I am your Father, your *Teacher* and also your Satguru. Those who belong to Me say: Shiv Baba, I have become Yours through the mouth of Brahma. They promise: I belong to You, I will remain Yours. Baba, too, says: You are Mine. Now follow My directions. By following shrimat you will become the elevated Lakshmi and Narayan. This is a *guarantee*. You were made Narayan from an ordinary man and Lakshmi from an ordinary woman in the previous cycle too. No human being can say this. No one would have the knowledge to say this. Only the Father says: My children, I teach you Raja Yoga and make you into the masters of heaven once again. The golden age is the world of Allah. God is called Allah. At this time, all are dangling upside-down. The eagle comes and attacks you. Here, Maya also attacks you. You continue to become unhappy. The Father now says: I am now taking you from this sorrow, from this ocean of poison, to the ocean of milk. There is no ocean of milk in reality. They say that Vishnu is lying in an ocean of milk in the subtle region. Those are simply words of praise. Now, I, the Ocean of Knowledge, am making you children into masters of heaven. By sitting on the pyre of lust, you have been burnt and become ugly. I come and rain knowledge on you and you become beautiful. It is mentioned in a scripture that the children of King Sagara were burnt. They have made up many stories. The Father now says: Remove all those things from your intellect. Now listen to Me. Those whose intellect has doubt are led to destruction. Now have faith

in Me, because an intellect with faith will be victorious. You will become the beads of the rosary of victory. The significance of the rosary has also been explained to you; the rosary of victory is created out of those who do good *service*. The beads that do the best *service* are placed ahead in the rosary of Rudra. Then they will be ahead in the rosary of Vishnu. It is numberwise. First there are the 108 and then *add* the rosary of 16,000. It isn't that in the golden and silver ages there will just be 108 *princes* and *princesses*. As expansion takes place, the rosary becomes bigger. When the number of subjects grows the number of *princes* and *princesses* would also surely grow. The Father says: If you don't understand anything, then ask! O My beloved children, by knowing Me, you will know the world tree. This tree never becomes old. You know when the path of devotion begins. This is the kalpa tree. Kamdhenu is sitting beneath it. She must definitely have a father too. You are also now sitting beneath the tree and then your new tree will begin. Hundreds of thousands of subjects have been created and they will continue to be created. However, to become a king is a little difficult. In this, too, it is the ordinary and poor ones who go ahead. Baba says: I am the Lord of the Poor. Donations are given to the poor. I come and bless the stone intellects, the hunchbacks, and the sinful souls. You sit and give knowledge to even *sannyasis*. No one can become a deity without becoming a Brahmin. Those who were in the deity clan have come into the Brahmin clan, because only then can they go into the deity clan. Everyone sings, "You are the Mother and the Father", but you have this relationship in a *practical* way. This is the new creation of Brahmins. The highest top-knot is that of Brahmins. There is God, the Highest on High, and then the Godly community. Therefore, you should have so much intoxication that you are the grandchildren of God, the children of Prajapita. God's children should always remain cheerful. They must never cry. Here, many who call themselves Brahma Kumars and Kumaris cry, especially the kumaris. Men don't cry. Those who cry defame the Father's name. They appear to be slaves of Maya. They don't appear to be those who belong to Shiv Baba. Internally, Baba understands everything but externally He doesn't show anything. Otherwise they would fall even more. Baba says: Look after yourself. Those who defame the Satguru can never claim a high status. They have to understand that they would never claim the throne of the kingdom. You must always remain cheerful. Only when you remain cheerful here will you remain cheerful for 21 births. It is not a big thing to give a lecture. That is very easy. You have to become like Krishna. So remain constantly cheerful now and let jewels of knowledge constantly emerge through your mouth. I, the soul, have received wealth from the Supreme Father, the Supreme Soul. Whatever I, the soul, have imbibed, I continue to donate that through my mouth. You need a stage just like Baba's who has taken a body on *loan* and continues to donate. Although superficially Baba gives love to someone, He sees that that one's behaviour is such that he will defame His name and so He is aware in His heart that that one will not be able to claim a status. Baba also receives complaints: This one is a child of God, so why is he or she crying? God's honour would be lost here, would it not? Some cry and fight and eat impure food. If deities cried, then that would be something else, but here, you are the *direct* children of God. So what would be your destination? You mustn't perform such wrong actions that you lose the Father's honour. You need to be cautious in every respect. God is teaching you. At this time, there are as many opinions as there are human beings. No two people's opinions are the same. The Father explains: You are sitting here to make your fortune the highest-on-high. No one apart from God can make your fortune elevated. There are Lakshmi and Narayan at the beginning of the golden-aged world. Only God creates that. How did He give that kingdom to Lakshmi and Narayan? No one knows how the king, queen and subjects were created. Baba explains: I come at the confluence age of the cycle and establish the kingdom of Lakshmi and Narayan. Baba says: I am giving you the tilak of the kingdom. If I, the Creator of heaven, didn't give you the tilak of the kingdom, then who would? It is said: Tulsidas rubbed sandalwood... That applies to this time. In fact, Rama is Shiv Baba. It is not a question of rubbing sandalwood. Internally, remember with your intellect the Father and your inheritance. Forget the land of Maya. There is a lot of sorrow in that. This is the graveyard. Remember sweet Baba and the sweet land of happiness. This world is to end. Abroad, *bombs* will be dropped and all the buildings will fall. Everyone has to die. All the rubbish has to be destroyed. Deities don't live in rubbish. Before people invoke Lakshmi they clean everything. Before Lakshmi and Narayan come the whole world has to

become clean and all the lands finish. Then the deities will come. They will come and build their palaces. Bombay wasn't so large then. It was just a small village. Look what it has now become and so it will become like it was and the other lands will not remain. In the golden age, there aren't any villages near salt water; they exist by the sweet rivers. Then, gradually, expansion takes place. Madras etc. didn't exist. There, they live by the rivers in Vrindavan and Gokul. The palaces of Paradise are shown there. You know that you have come here to change from an ordinary man into Narayan. Don't simply say humans into deities. There is the whole kingdom of deities. We have come to claim the kingdom. This is called Raja Yoga. This is not the yoga to become subjects. We will make effort and claim the sun-dynasty kingdom from the Father. Ask the children every day: Have you made any mistakes today? Did you cause sorrow to anyone? Did you do any *disservice*? Don't become tired after doing just a little *service*. You should ask what they have been doing throughout the day. If you tell a lie, you will fall. Nothing can remain hidden from Shiv Baba. Don't think that no one is watching. Shiv Baba would quickly know everything. They would destroy themselves for nothing. You should speak the truth, for only then will you continue to dance in the golden age. Those who are truthful dance. You should remain very cheerful and happy. Just look at a husband and wife: one of them has the sovereignty of heaven in his or her fortune and the other one perhaps does not. Some have the fortune that both of them tie this bond of going and sitting on the pyre of knowledge together. You children know the *biography* of Mother Jagadamba. No one else will believe in the 84 births. They have portrayed her with many arms. So people think that she is a deity, beyond birth and death. However, the image is that of a human being. No one can have so many arms. They have even portrayed Vishnu with four arms to show the family path. Here, human beings only have two arms. People have then shown Narayan with four arms and Lakshmi with two arms. In some places, they have shown Lakshmi with four arms. They have shown Narayan ugly and Lakshmi beautiful. They don't know the reason for that at all. You now know that when the deity souls who were beautiful sat on the pyre of lust in the copper age they became ugly. The Father now comes and changes them from ugly and makes them beautiful. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Remember sweet Baba and the sweet land of happiness. Remove this land of Maya from your intellect.
2. Never become tired of *service*. In order to become part of the rosary of victory, *serve* tirelessly. Remain honest and truthful with Shiv Baba. Don't make any mistakes. Don't cause anyone sorrow.

Blessing: May you become powerful from weak through *realisation* and become a *master* almighty authority.

Humanity in human life is on the basis of the soul. What type of soul am I? What am I? If I have this *realisation*, then peace would become my religion. "I am an elevated soul. I am a child of the Almighty Authority": this *realisation* makes you powerful from weak. Such a powerful soul and a *master* almighty authority can do whatever he wants *practically* however he wants.

Slogan: Those who are great donors through their mind can never be influenced by their thoughts.
