

**Essence:** Sweet children, settle the accounts of your past sins with knowledge and the power of yoga and accumulate your new account of charity. Become *ever-healthy* and *wealthy* with the power of yoga.

**Question:** What specialities of the confluence age cannot exist at any time throughout the rest of the cycle?

**Answer:** Only after 5000 years at the confluence age does the lovely, auspicious meeting of souls with the Supreme Soul take place. This is the time for the children to meet the Father and claim their inheritance. Only at this time does the Father give knowledge for all souls. He becomes the *Liberator* for all. It is only at the confluence age that the *sapling* of the deity religion is planted. Those who have been *converted* to other religions emerge again. Everyone settles his or her past karmic accounts and returns home. No other age has such specialities.

Om shanti. You must definitely mention the name, 'Supreme Father Shiva'. Many people speak of the Supreme Soul, Khuda or *God*. However, the name of the *Father* is definitely needed. The name of the *Father* is Shiva. He is incorporeal. In fact, souls are also incorporeal. They become corporeal when they come here. It is said that the Supreme Father, the Supreme Soul sends the children and the *preceptors* from there to play their *part*. When people speak of *God, the Father*, they don't have their physical father in their intellect. They are *fathers* of their children. However, when they say, "Oh Supreme Father!" their intellect goes upwards. It is the soul that remembers. It is also the soul that remembers the physical *father* who gives the soul a body. Then, a soul should remember his original Father, should he not? But who is He? Who calls Him the *Father*? Why do people ask Him for mercy? Everyone knows that He is the Father of everyone. However, if everyone is the Father, then calling out in that way is not justified. They say that God gave them everything, that God even gave them a child. Therefore, they definitely remember *God*. They call out: Come and purify us. *Liberate* us from this sorrow. So, He would definitely take you somewhere. He *liberates* all and takes them to the land of peace or the land of happiness. He comes at the confluence age of a cycle. It isn't that He comes in the middle of a cycle. Only when the play is to end does He come to take everyone back. The Father says: I only come once. I do not have to come again and again. I come once when all souls have become tamopradhan, because they definitely have to complete their 84 births. If I were to come before that, the cycle of 84 births could not be completed. The cycle has to reach its end. When I have to come, I first have to become the Father of the children. Then I also become the *Teacher* and Satguru. A father gives you birth, a *teacher* gives you teachings for your livelihood and a guru is adopted for salvation. Gurus are adopted here. No one in the golden age adopts a guru. There are only the father and *teacher* there. It isn't that their father also becomes their *teacher* and teaches them. Their father is separate from their *teacher*. Here, the One is the Father, *Teacher* and Guru. You children have been *adopted*. You are the mouth-born creation, and then you have the study. So, the Father explains to you the secrets of the beginning, the middle and the end of the whole world. He tells you the *knowledge* of the whole world cycle and who the main *actors* and the *Creator* in the *drama* are. He gives you the news of the incorporeal world, the subtle region and the corporeal world, how this whole cycle turns and who comes first in the new world. First of all, you children have to know that He is our unlimited Father. Even this Brahma says: My Father is Shiva. Brahma is the son of Shiva. Shiv Baba says: This Brahma too is a child. I have to enter him, and so I have *adopted* him. Originally, his name was Lekhraj, and then I named him Brahma. I made him belong to Me. People say, "Baba, Baba!" but without knowing Him. They go in front of the picture of Shiva, but they don't have the understanding deep in their heart that He is their Father. When someone sees the photograph of his physical father, he would instantly say that he is his father. This doesn't come out so deeply from their heart when in front of the picture of Shiva. Although they consider Him to be God, they don't say it from deep within that He is their Father. They simply salute Him according to the systems of devotion. It doesn't enter their intellect what attainment they receive from Him. The Father sits here and explains this. He gives many *points* for you to instil faith, but children forget. This knowledge is for those of all religions. Whether someone is from the *military* or is a *civilian*, this knowledge is for everyone. You children know that Shiv Baba is your Father, *Teacher* and Satguru. This is our very old meeting. He has come after 5000 years. This is

called the lovely, auspicious meeting of souls with the Supreme Soul. The Supreme Father, the Supreme Soul, comes and meets all souls. It is only at this time that He becomes everyone's *Liberator*. Not everyone will take these teachings. Only those who are to become deities will take these teachings. The human world tree is so big. The *sapling* is taken from it. Nowadays, the *Government* plants many different types of *sapling*. The Father also plants *saplings* and then those who belong to this clan emerge. The *sapling* is planted only of those who belong to the deity clan and this *foundation*. You originally belong to the deity religion, and then the *sapling* of other religions will also be planted. Those who have been *converted* will emerge. Such a variety of Muslims and Parsees come here. Only the *sapling* of our deity tree will continue to be planted. You children now understand in a *practical* way that only that one Father is our Father, *Teacher* and Satguru. People say that their father gave them birth and that such-and-such a *teacher* taught them. Then, towards the end, they adopt a guru. Some don't even have gurus. Everyone has his or her own beliefs. They definitely remember someone or other. They remember their father or their friends and relatives. You now have to forget the remembrance of everyone else and only remember the one Father. He is the true Father, the true *Teacher* and the Satguru. He is the One who establishes the land of truth. He tells you the *history* and *geography* of the beginning, the middle and the end of the whole world cycle. We have become spinners of the discus of self-realisation and so we definitely have to remember the cycle. You know how the world cycle turns from the beginning to the end. It is only at the confluence age of the cycle that you know this. No one can know this in the middle of the cycle. The Father teaches you every cycle at the confluence age of the cycle. No one else can explain to you the *history* and *geography* of the beginning, the middle and the end of the cycle. Only the Father can explain these things to you. You become spinners of the discus of self-realisation through the Father and then you become the kings who rule the globe. This *knowledge* then disappears there. When the play ends, the *part* of the kingdom that the soul has recorded in him will begin. At this time, your *part* is that of studying. Baba's coming, teaching *knowledge* to the children and enabling them to claim a high status is Baba's *part* of the present time. Once you have attained your status, everything is over, and the *knowledge* of the world cycle then disappears. No human being has *knowledge* of this world cycle. Sannyasis don't even believe in the cycle. On seeing the picture of the tree, they say that that is just imagination. Therefore, you children also have to imbibe this. If there isn't accurate yoga, you won't be able to imbibe and your intellect won't be able to become *pure*. It is said: The milk of a lioness can only be kept in a golden vessel. Therefore, you children receive this nectar of knowledge. Only when the vessel changes from iron to gold will there be dharna. Very good effort is made for this. It is very easy to know the *world history* and *geography*, who used to rule in the golden age and for how long they ruled. There is the dynasty. Therefore, it is said that the *deity dynasty* ruled for 1250 years. Did they claim their kingdom through battling? No. They received the reward of the effort they made at this time. When you explain this whole cycle to anyone, he will become very happy even though he may belong to the *military*. Military people used to come in Delhi. Baba used to ask them: Have you heard that when the Gita is read, it says: God speaks: Those who die on the battlefield will attain Me and will become residents of heaven. However, it doesn't mean that simply by reading or listening to the Gita you can go to heaven. If you want to become a resident of heaven and claim your inheritance from the Father, then remember Him and follow shrimat. Only at this time do you receive this knowledge because it is only now that the gates of heaven are opened. This knowledge is only for the present time. *Practise* remembering Shiv Baba. The unlimited Father now tells you: Remember Me. Instead of that guru, you now have to remember Shiv Baba. This requires effort. That Father is the Father of all. It is only from Him that you can receive your inheritance of heaven. The inheritance of peace and happiness is received from Him. This is the time to meet the Father, that is, of receiving your inheritance from Him. There was just the one religion in the golden age and so it is the work of only the Supreme Father, the Supreme Soul, to destroy the innumerable religions and establish the one religion. No one else can do this. Those who study with the Father and learn Raja Yoga will go to heaven. You know that it is now the end of the iron age. The great war is also in front of you. Those who study will claim a high status. Everyone else will settle their karmic accounts and return home. You now have to settle the account of your sins in a *practical* way and accumulate in

your account of charity. The more you stay in knowledge and yoga, the more the accounts of the past will be burnt and the new ones will continue to accumulate. Your lifespan will increase through the power of yoga. You will continue to become *ever-healthy* and *wealthy*. You receive both through knowledge and yoga. This is a *hospital* and also a *college* for you. In fact, this is the true *university*. A *Government University* cannot be called a *university*. The whole world is called the *universe*. There is no *knowledge* for the world in them. All of them are limited. They have created so many limits. In Hindi, a *university* is called Vishwa Vidhyalaya. Anyone in the whole world can come and study. It is not like that in those *universities*. Anyone can come and study here. Only the Creator of the World establishes this university. We also write this. What is the difference between Vidhyalaya and a *University*? One is a Hindi word and the other is an English word. The Creator of the World has created this Vishwa Vidhyalaya. It is where the Father changes you human beings into deities and makes you into kings of kings. He *liberates* you. You receive *shrimat*. However, those who are following devilish dictates don't believe in *shrimat*. Here, you become so elevated by following this *shrimat*. You are making Bharat into heaven with your body, mind and wealth and in an incognito way. Baba, too, comes here in an incognito way. Krishna cannot be incognito. However, because of not knowing the Father, they have put Krishna's name in the Gita, and they have shown the *dance* of Krishna. The *princes* and *princesses* would be dancing among themselves. The people cannot go there. The Father explains many things. He says: Take the wealth of knowledge and continue to donate it. This study is very elevated, and you have to study it in an ordinary way. You cannot sit in the lotus position on a chair. To sit in the lotus position is a royal way to sit. Nevertheless, you can sit in any way. In the golden age, you will have a *golden spoon in the mouth*. Children have had visions of how aeroplanes filled with gold come. The palaces etc. are built very quickly. Even now, in Baba's day, look how electricity and cars etc. have been invented. In the early days, grain was so cheap. So, they would be so cheap in the golden age. Here, a gold coin costs 100 rupees, and there it would be one paisa (1/100<sup>th</sup> of a rupee). There is so much difference. You receive a kingdom for 21 births through the study in one birth and so what more could you want? Baba continues to show you methods. If a daughter doesn't take knowledge, her parents have to get her married. If a son doesn't get married, he would be told to earn his own living and then get married. Baba gives you advice about everything. If you want to go to a wedding ceremony, simply accept fruit there and eat it in remembrance of Shiv Baba, and that will then be purified. Achcha. To BapDada's sweetest, beloved, long-lost and now-found decoration of the Brahmin clan, the spinners of the discus of self-realisation, the light of the eyes, love, remembrance and good morning. The spiritual Father says namaste to the spiritual children.

#### Essence for Dharna:

1. Donate the wealth of knowledge you have received from the Father. Study in an incognito way and claim a kingdom for 21 births.
2. Forget the remembrance of everyone else and remember the one Father in the form of the true Father, the true *Teacher* and the Satguru.

**Blessing:** May you be an angel who constantly resides in the sky and always stays in a high stage and considers yourself to be an incarnation who has just incarnated. Just as the Father has incarnated, in the same way, you elevated souls have also incarnated down here from up above in order to give a *message*. You are truly the residents of the subtle region and the incorporeal world. The feet of your intellect cannot step into the dust or the earth of body consciousness. This is why the feet of angels are always shown up in the sky, above the ground. So, all of you are incarnated incarnations who reside in the sky in a high stage. Continue to fly in the flying stage with this awareness.

**Slogan:** Only the children who make intense effort for self-transformation receive congratulations filled with blessings from the Father.
