

Essence: Sweet children, God has come to give all devotees the fruit of devotion, to show them the destination of liberation and liberation-in-life. You devotees have now become heirs (children).

Question: In which awareness should you children remain so that the drums of happiness continue to beat?

Answer: Always have the awareness that *most beloved* Baba has come to make you into the masters of the world and the emperors of emperors. We are now becoming sun-dynasty kings and queens. Baba is making us *ever-healthy* and *wealthy* for 21 births. In our golden-aged kingdom everything will be *first-class*. Even the elements will be satopradhan. Both the soul and the body will be beautiful like flowers. By your having this awareness, the drums of happiness will continue to beat.

Om shanti. You children know that the Father is the Resident of the supreme abode. That Father Himself says to you children: You are no longer devotees. You are now the children of God. Devotees continue to look for God. Devotees cannot be called God. There are innumerable devotees and only one God. Devotees are human beings and so God surely also has to come in a human form. It is said that God comes to you while you sit at home. Whose home? The home of human beings. God definitely has to adopt a human form. The Incorporeal Supreme Father, the Supreme Soul is one, whereas there are many devotees. All human beings are at this time devotees and remembering God. They believe that God definitely has to come at some point. He is the Creator of heaven and so there must definitely be only one of Him; there cannot be many. God comes in a human form and explains to devotees: For half the cycle you have been remembering Me. According to the *drama*, they definitely have to remember Him on the path of devotion. Then I, God, adopt a human form and come to the devotees. Devotees are human beings and so I have to meet human beings. Therefore, I surely have to adopt a human form, not that of a fish or an alligator. The Father says: I come and give you children My introduction. No one can reach the end of Me. This is why I Myself come and give you My introduction and tell you that I have come. You children know that the Father comes and adopts a human body. He also explains which devotee's body He enters. This Brahma is the greatest devotee of all. There isn't just one devotee. He tells you the account of all the old devotees. The ancient deities who exist in the golden age then go onto the path of devotion and begin their devotion. So they are the oldest devotees of all. They are the ones who have performed complete devotion. They are the ones who have come to meet God and attain the deity status. They come and meet Him personally. You know that you were devotees. The whole world are devotees. God has come to protect the devotees because they are very unhappy. Devotees don't know where there is peace and happiness. God comes and explains: When I come, I come with a gift for the children. The unlimited Father would definitely come with an unlimited gift. You understand that you are no longer devotees. God has come and made you His heirs. Devotees are not heirs. They don't believe that they are children and have to claim their inheritance from the Father. They say that He is omnipresent, and so where could God come from? You now definitely need an inheritance and this is why you remember Me. You need a *first-class* inheritance, not *second* or *third class*. All devotees remember God in order to go and meet Him. However, they don't know how they can go to Him. Therefore, God has to come. He also teaches you. You know that God has come to give everyone the fruit of their devotion, that is, to make everyone happy. Only at this time does God have to come. He is the Spiritual Guide. In fact, the true pilgrimage places of human beings are the lands of liberation and liberation-in-life. The non-living images of the deities, who used to reside in heaven, exist here. People go on pilgrimages to those non-living images. Those are physical pilgrimages. They go on a pilgrimage to the Dilwala Temple or the Jagadamba Temple, but that is devotion. God comes and liberates you from the stumbling of those pilgrimages. You devotees meet God and so God liberates you from the sorrow of devotion and shows you the right destination. The Father says: I have now come to show all human beings of all religions the correct destination. The real destination is the land of liberation and the land of liberation-in-life. He takes everyone to their land and the land of heaven. It is in the intellect of you children that Baba has come from the supreme abode. The soul has the desire to go to God. Who remembers Him? The soul

remembers Him through the *organs*. The Father says: You now have to become soul conscious. Knowledge continues to trickle into your intellect. Truly Baba has come according to the *drama*. He will liberate you children from the sorrow of Ravan and take you back with Him. He has come as our *Guide*. You do not have to come back from the spiritual pilgrimage that you go on. Here, they have physical pilgrimages which are temporary. Those non-living pilgrimages come to an end and then all of you go on this pilgrimage. The true pilgrimages are first to the land of liberation and, second, the land of liberation-in-life. In order to go on these pilgrimages, devotees continue to go on physical pilgrimages. After going on physical pilgrimages for birth after birth, you become free from them and go on the spiritual pilgrimage. Then you won't have to come back here to the land of death. You will go and sit in the land of liberation and your coming and going will stop. Your coming and going will begin when you go to the golden age. You will become residents of heaven. You know that Baba is making you into residents of heaven. We are preparing to go to heaven. No one in the world knows anything. They are completely innocent (buddhu). There is no benefit in studying the scriptures etc. This is what you would say in comparison with the present time. Temporary happiness is only a little happiness. There is a lot of difference between a lot of sweetness and a little sweetness. You now understand that you are becoming sun-dynasty kings and queens. Those people desire to become very wealthy. Wealth is definitely needed because only then can you experience happiness. Together with wealth you also need *health*. When you have *health* and *wealth* you have a lot of happiness. In this world you cannot have both *health* and *wealth*. Not a single human being can have this for even one birth. There, all of you remain *healthy* and *wealthy* for 21 births. There, everything is cheap originally and eternally. There will be no need for money. Instead of money, they will use gold coins, and things will be *first-class*. Even the elements will have become satopradhan and so everything grown from them will also be very good. There will be so much pleasure in all the food there. Drums of happiness should now beat in your heart. The *most beloved* Father has come. He says: I am your *most beloved* Father. You have been remembering Me for 63 births. He is definitely the *Beloved*. That is why you remember Him. People don't know anything at all. Baba is making us into emperors of emperors, masters of heaven and masters of the world. Deities are masters of the world, but they have been accused falsely from childhood. They have accused them so falsely. Maya makes your intellect 100% completely *nonsensical*. This too is a game of the *drama*. So, now, the *most beloved* Father says: Remember Me fully so that your sins are absolved fully. Become flowers. When a soul becomes like a flower he will receive a good body too. You are the Mother and You are the Father. Whose praise is this? When people say that God is in the dogs and cats, would you say that they are the Mother and Father? Look what people's intellects have become like! They show so much splendour. That is called the *pomp* of Maya. Look how much intoxication people have in the kingdom of Ravan! They don't know anything at all. Among you too, those who imbibe knowledge well become intoxicated. If they don't imbibe knowledge, then, although their faces are those of human beings, their character is like that of monkeys. You children understand that you are now following shrimat and making all human beings of Bharat into elevated beings with divine virtues, that is, we are making Bharat into the elevated and divine land of kings. Only those who have this intoxication would speak in this way. Whenever you give lectures, tell them that you are following shrimat, that is, you are following elevated directions. God is the Ocean of Knowledge and the Ocean of Bliss and we are following His directions. Both Yadavas and Kauravas are following Ravan's directions whereas we Pandavas are following God's shrimat. Victory is ours. Krishna does not establish heaven. It is God, the Father, who establishes it. We make Bharat elevated. No one else can say that they are following God's directions. Yes, they would say that they are doing everything through God's inspiration. The Father says: I enter this body and give you directions, so there is no question of inspiration. Therefore, first of all, praise the Incorporeal One: He is the Seed of the human world tree. He is the Ocean of Knowledge and the Ocean of Happiness. We are following His directions. He is our Father who resides in the supreme abode. He is the Creator of heaven. Those who know this would sing this praise. There has to be only the One who purifies the whole world. There wouldn't be a number of them. So, everyone apart from us is following the directions of Ravan. We are once again making Bharat into the divine Land of Kings (Rajasthan) by following shrimat. All of those

innumerable religions are to be destroyed. All of us *BKs* have experienced this in a *practical* way. We are the children of Prajapita Brahma. You too are that, but we are now this in a *practical* way. Later, on the path of devotion, it will be remembered that the Supreme Father, the Supreme Soul, created the human world through Brahma. Those people think that perhaps you became deities instantly, but no. First of all explain how He created Brahmins through Brahma, and then explain about the different clans. There is no benefit in telling stories or performing *dramas*. You should tell them the Father's teachings directly. What does the Father tell us: O sweet children! O souls! You should tell the whole gathering that you are following *shrimat* in order to become deities. He is teaching us Raja Yoga. The God of the Gita is the Incorporeal One. He comes in a corporeal form. Brahmins emerge through the mouth of Prajapita Brahma. We are *BKs*. The Supreme Father, the Supreme Soul has created us through the mouth of Brahma. We are Shiv Baba's grandchildren. You should give the introduction of the *BKs*. You souls too are grandchildren of Shiv Baba and children of Prajapita Brahma. You should now think that this new creation is being created once again, so that you can understand that you truly are the grandchildren of Shiva and the children of Brahma. We belong to him and this is why our name is Brahma Kumars and Kumaris. In the previous cycle too, you changed from Brahmins to deities, then warriors, merchants and shudras. You have now once again become Brahmins. You should keep the secrets of the cycle in your intellect very well. First of all, you should give the full introduction of the Father. The Father has spoken this knowledge to us and we are now relating it to you. How the world *drama* cycle turns and how we become rulers of the globe is *knowledge*. There is no question of weapons in this. It would definitely be human beings who know the *history* and *geography* of the *world*. It is definitely necessary to know how the human world cycle turns. We listen to the Father and we thereby become rulers of the globe. If you too want to receive happiness from the unlimited Father, then make effort. The unlimited Father is the Creator of heaven. You receive unlimited happiness from the unlimited Father. Therefore, why should you not remember Him? You are not happy with the inheritance you receive from your physical father. We receive happiness for 21 births from the unlimited Father. All the rest is the paraphernalia of the path of devotion. You say that the scriptures are originally and eternal. However, even though all of those existed, we have now reached the iron age. The world continues to become impure and there has been no benefit. The Father Himself has now come. We are His grandchildren and the children of Brahma, the Brahmins. In fact, He is your Father too. Explain very well in this way so that they melt. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Remain engaged on the spiritual pilgrimage. Make both the soul and the body beautiful like a flower. Have your sins absolved.
2. Maintain the awareness: We are *directly* following God's directions and are instruments for the service of making Bharat elevated and human beings into those who have divine virtues.

Blessing: May you be an embodiment of *light* and with your elevated stage show wandering souls their elevated destination.

Just as moths are automatically drawn to light, in the same way, wandering souls will come to you sparkling stars at a *fast* speed. For this, practise always seeing the sparkling star on each one's forehead. While looking at the body, do not see it. Your vision should always go towards the stars (light). When such spiritual vision becomes *natural*, then, through this elevated stage of yours, wandering souls will find their true destination.

Slogan: Only those who remain *busy* in one service or another, knowing the importance of service, are *all-round* servers.
