

*Beloved BapDada's extremely loving, easy-natured, embodiment of peace, Krishnaben, was in service of Guyana and Suriname for nearly 22 years. Before that, she was in Maroli, Delhi and has been in gyan with her family for nearly 40 years. Her lokik sister, Vimlaben is at the Chandni Chowk Centre in Delhi. Krishnaben had come to Madhuban to celebrate a meeting with BapDada with a group. After celebrating the meeting with BapDada and after seeing the celebrations of Diwali, suddenly on the night of 7<sup>th</sup> November she felt a little pain in her chest and so was taken to Global Hospital. In the early morning hours of the 8<sup>th</sup>, at 2.00am, she left her body and went into BapDada's lap. All Madhuban residents and all brothers and sisters from abroad gave donation of yoga and the final ceremony was carried out. After that, Mohiniben offered special bhog for Krishnaben. Below is the message she brought.*

*Today, when I reached Baba in the subtle region, Baba gave very powerful drishti and said: Child, are you seeing the destiny of the drama? It was not in anyone's mind or even in their heart, but all of you saw the scene of the drama. Baba has already given you a signal in advance that whatever will happen will happen suddenly and therefore, children have to keep themselves ready in every way. Now, children especially need two powers: the power to accommodate and the power to pack up. A soul who has taken 84 births has so many karmic accounts from its actions and relationships. Each one has to settle all of them in this one final birth. Baba shows you children all the scenes. All of you celebrated Diwali with a lot of splendour, you celebrated the New Year and Bhaiya Duj. And after celebrating everything, what did you celebrate today?*

*All of you saw as detached observers how the soul flew away in a second. Those who were living with her didn't know. Those who went with her didn't know. Her companions didn't know. Whatever happened, it happened suddenly. Then Baba said: Look, the child has reached the subtle region. I asked: Baba, where is she? Baba said: Look in front. I looked and there she was sitting and smiling. Baba said: Go and meet her. I went near her. I said: What is this Krishnaben? Yesterday, you were with us and today you have reached here in the subtle region? She smiled and said: This time I felt that I will not go back from here, and that this is my last pilgrimage to Madhuban. Do you remember I had told you to offer bhog for me and to fulfil my desire? She was remembering what she had told me: It is my birthday and so have a cake made for me and offer bhog to Baba. I said: You had said to celebrate your birthday! She replied: This is my new birth, isn't it?*

*I asked her: How did you come here? She replied: I wasn't even aware. My breathing became a little heavy, and then I saw nothing but light everywhere. Where have I come? After some time, I saw Baba in front of me and I felt as though I was having a vision. It was neither in my mind nor in my heart. Today, Baba is giving me a vision of the subtle region I thought. After some time, I saw that Baba went away. I was just thinking and wondering: Where am I? Then Baba came again and said: Child, you have come to the subtle region from Madhuban. From the old world, you have come to the subtle region. Your body is left down below. Gradually I understood that I have left my old body and that I have become subtle and bodiless. Hearing this she was very happy.*

*I told her: Now Baba will send you for service in the advance party. She replied: Yes, now I will go to serve in the advance party. I told her: Now your accounts with Suriname are finished. She asked: Who will go there now? I told her not to worry about that. Hemlataben is sitting there, she will go there herself. She said: I haven't even taken leave from everyone. I haven't even handed over the accounts to anyone. I told her: You have taken leave from everyone in a subtle way. You are now in Baba's lap. Now you mustn't worry about Suriname.*

*We were having a chit-chat in this way and Baba came and said: Look, this child has come here suddenly. She doesn't know where she is or how she came here. Then Baba showed her her old body of how it was lying there and said: You are now in the subtle region. Do you wish to go back in that body? She was looking back and forth between Baba and the body. Baba said; If you want to, you can go back. She said: No Baba, I have now come to You. Then she became carefree.*

*Baba then said: Child, you are very innocent. You are very easy and this is why you have always been carefree. You did as much as you were able to. You have been very easy and this is why you shed your body so easily. Very few children leave their body in this way. Baba gave her drishti with a lot of love. I said: You are in the subtle region and everyone has given you a lot of love and remembrance. Your service companions, Madhuban residents, double foreigners, everyone has given you love and remembrance. She said: I am very, very fortunate that I left my body amidst so many Brahmins in Madhuban, in God's home. She was very happy.*

*Then I said: Look, I have brought bhog for you, will you eat it? She replied: Feed it to me. Then Baba fed her bhog. She said: Give my love and remembrance to everyone. She seemed very light and innocent, just as she used to be when she was in the corporeal form. Those sanskars were emerged there (in the subtle region too). Exchanging love and remembrance in this way, I came back to the corporeal world.*
