

31 May 2008

To our most beloved BapDada's precious and cooperative children, who are world benefactors, the charitable souls who consider the needs of others before their own, the decoration of the Brahmin clan: our teachers in Bharat and abroad, divine sisters and brothers.

Please accept Godly love and remembrances from Dadi Jankiji, Dadi Gulzarji, other Dadis, Brother Rameshji, Brother Brij Mohanji and Madhuban niwasi sisters and brothers.

Today I am specially writing to update you on the progress of the huge construction work taking place at Manmohini Complex, near Shantivan. Every task in Baba's unlimited yagya is done for the comfort and care of the Brahmin family, and everything has and will continue to be accomplished with the collective cooperation of the divine family.

As you are well aware, Diamond Hall in Shantivan can seat at least 18,000, however at present we can only provide accommodation for 10,000 Brahmins (including sevadharis). During BapDada's season when numbers exceed the available rooms, many of Baba's children have to sleep in tents. This is why in the April 2006 Annual Service Meeting, in the presence of our loving Dadi Prakash Maniji, all the senior teachers and other main instruments from India participated in the foundation stone laying ceremony for a new construction at Manmohini Complex. The teachers agreed on requesting centres and sub-centres to keep a separate box for voluntary contributions towards the construction. As a result of the generosity shown by Baba's children, a good amount of work has been completed as you can see below. We have determined thought to complete the project as early as possible so that suitable arrangements may be provided to Baba's children when they come to meet BapDada. The finances required for the next 6 months are as much as was utilised over the past two years. At such a time, we are reminded of Baba's shrimat: "***Our life becomes worth a diamond by using all that we have in a worthwhile way***".

We not only hope but have full faith that with the finger of cooperation of our global family – the selfless and big-hearted children of our Emperor Baba – this much needed complex will be made ready on time. As our revered Dadi Jankiji says "*It is already done. It is not a big thing for the Brahmin family to achieve...*"

With this deep faith, it was formally decided at the Annual Service Meeting that, along with all of you, Baba and the seniors will inaugurate this great complex on the day of Dasherah, at 10.00am, on 9 October 2008.

We are sending you a brief description of the new complex, as obtained from our engineer brother BK Brother Bharat, for your kind information:

- Total Area of Land = 30788 sq metres
- Area under construction = 11341 sq metres
- Area of roads, gardens etc = 19447 sq metres
- 7 blocks (buildings) will house rooms with 2-beds, 3-beds and 5-beds with a total of 5000 beds.

Each building will be equipped with a lift, stairway, facilities for drinking water and hot bathing water etc. Munnibehn and her department are making arrangements to furnish each building with fans, mattresses, cupboards, curtains etc. We will continue to update you on developments.

As all of you know, creating a home is always a big task but Baba our Compassionate Parent, has and always will fulfil the needs of His children. We express our gratitude to Baba and all of you for your loving good wishes and unending cooperation in so many ways.

With lots and lots of spiritual love and remembrances,

On Spiritual Service,

***On behalf of the Dadis, Senior Brothers & Sisters
and Brothers of Madhuban,***

B.K. Nirwair
