Reverend Sister Kala Iyengar,

I hope you remember my telephone conversation with you requesting you to kindly keep your organizations activities away from my house, and specifically, your Sr. Poonam Sethi. You had assured me that you would keep her away.

I had also warned Sr. Poonam Sethi never to come to my house. Despite that, she challenged me by coming to my house.

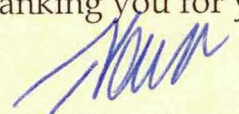

As you know this tension created by Sr. Poonam Sethi resulted in Janica leaving our house on November 28<sup>th</sup>. Another success for your organization.

Please find attached envelope containing a bank card received from Chase Bank in Sr. Poonam Sethi's name !!!

As you can well understand, I am extremely shocked by this member of your organization who defies my personal rights and persists in coming to my house despite my warnings. Now, she has encroached on fraudulently using my house address to apply for bank cards.

I would like to hear from you immediately, before I take further steps in reporting this issue to the authorities on Monday

Thanking you for your kind attention

Naresh Kirpalani
